COUNTY ACTION REQUESTED ON: Renaming a County Road

HISTORY, FACTS AND ISSUES: Staff has received a request to rename Val Tech Road. The new name requested is Wiregrass Technical College Road. The county has advertised for the required public hearing in the Valdosta Daily Times, once a week for two weeks. Attached is a resolution affecting this change, if the Board chooses to adopt it.

OPTIONS: 1. Rename Val Tech Road to Wiregrass Technical College Road.
2. Board's pleasure.

RECOMMENDED ACTION: As the County Engineering Department remains neutral in the renaming of county roads, it is staff's position that renaming this road would have no adverse affects on the overall functioning of the county road system.

DEPARTMENT: Engineering

Department Head: Michael B. Fletcher, P.E.

ADMINISTRATIVE COMMENTS AND RECOMMENDATION:

County Manager

Action Taken By Board: _____
