- Work Session (x)
- Recommendation (x)
- Policy/Discussion ( )
- Report ( )

ACTION REQUESTED ON:    Decorative Lighting District: Creekside West, GA Hwy 122, 38 lots

HISTORY, FACTS AND ISSUES:

This request represents an attempt to add 38 lots of Phases II, III, & IV of the Creekside West Subdivision into the County’s decorative special tax lighting district. For reference, staff’s typical research and efforts to ensure that the a district is ready for LCBOC consideration include verifying at least 2/3 of the property owners’ signatures within the district are obtained, testing the financial solvency of each district, and checking that associated installation costs have been paid. Additionally, concerning notice for the proposed districts, as of the time of this coversheet (07/20/17) it has been scheduled to be advertised in the VDT and plans are in place to post signs to advertise the public hearing and the currently proposed charges for the lighting district (\$53.50 per lot per year). Staff recommends adding these portions of Creekside West into the County’s decorative special tax lighting district through approval of the attached resolution. It should be noted that the attached resolution includes language that addresses the activation timing of the proposed district<sup>1</sup>.

OPTIONS:

- 1. Approve      2. Approve with Conditions      3. Table      4. Deny

RECOMMENDED ACTION: Option #1 Approval of the Attached Resolution

DEPARTMENT: Planning

County Planner: Jason Davenport 

Administrative Comments and Recommendation:
