COUNTY ACTION REQUESTED ON: Update for Permit to Operate Public Water System

HISTORY, FACTS, AND ISSUES: During a recent audit of Lowndes County's Permit to Operate a Public Water System for the North Lowndes System, Georgia EPD determined that the operating permit was not updated to reflect the addition of the MIEX system for Disinfection By-Products. Attached is the updated permit to add the MIEX system to our operating permit.

- OPTIONS:    (1) Update Permit and Authorize Signature  
              (2) Board's Pleasure

RECOMMENDED ACTION: (1) Update Permit and Authorize Signature

DEPARTMENT: Engineering

Department Head: Michael B. Fletcher, P.E.
