COUNTY ACTION REQUESTED ON: Stone Creek Backup Well Pump

HISTORY, FACTS, AND ISSUES: The Stone Creek backup well provides water to the North Lowndes System. The pump will not run for long periods and continues to trip out. After initial troubleshooting, Shea Well & Pump pulled the pump and determined the bearings had dropped, and a new pump & motor will be required. The cost of a new pump, motor and installation is \$25,765.00. Due to the emergency, staff recommends the Board of Commissioners approve the purchase of a new pump, motor, and installation for \$25,765.00 from Shea Well & Pump, paid from the capital budget.

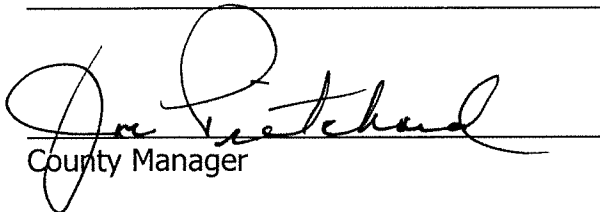

- OPTIONS: 1. Approve Purchase of Well Pump and Motor  
2. Board's Pleasure

RECOMMENDED ACTION: Approve Purchase of Pump, Motor, and Installation from Shea Well & Pump

DEPARTMENT: Utilities

Department Head: Steve Stalvey

ADMINISTRATIVE COMMENTS AND RECOMMENDATION:

  
County Manager
