COUNTY ACTION REQUESTED ON: EMC Storage Area Network Maintenance

HISTORY, FACTS AND ISSUES:

This request is for the replacement/virtualization of 12+ servers at the South Lowndes Data Center (SDLC) and surplus capacity to support failover/redundancy of the North Lowndes Data Center (NLDC). This will place a Cisco Unified Computing Server (UCS) platform at the SDLC and allows for future scalability. This also includes the replacement/virtualization of 12+ servers at the North Lowndes Data Center and surplus capacity to support failover/redundancy of the South Lowndes Data Center. This will replace the current Network Core at the SLDC that will go end of life next budget year. Price includes small contingency.
