COUNTY ACTION REQUESTED ON: Bid for One 60-Ton HVAC Unit

HISTORY, FACTS AND ISSUES: Lowndes County needs to replace a 60-Ton HVAC unit at the Human Resource Building. The existing unit is 30 years old and was installed in the late 1980s. Due to the continuous repairs required, we are requesting a replacement. The current unit is a Carrier. Due to the amount of work that would be required to modify equipment to fit another brand, we are recommending that the same brand unit be purchased, making this a sole source bid. The unit will be installed by Siemens under our current contract agreement. The replacement is a budgeted item in the 2019 fiscal year.

Mingledorffs Valdosta, GA \$70,101.00
