HISTORY, FACTS AND ISSUES: Lowndes County solicited bids for new large capacity washers and dryers for the Lowndes County Fire Department. These units are for the new full-time stations that are planned to come online during FY 2022 and to complete a set for Station 10. The washers and dryers meet NFPA standards. The new units will allow each station to launder their gear as needed to reduce possible hazardous agents from firefighting activities. Lowndes County received one bid that met specifications.
