COUNTY ACTION REQUESTED ON: Internet Bandwidth Contract

HISTORY, FACTS AND ISSUES: Currently, Lowndes County has two connections to the Internet, one primary and one secondary for fail-over. This request allows for a new internet connection to be established with Mediacom, and a new contract proposed with Vwave that will provide much more bandwidth at much lower cost per megabit. If a new contract is approved with Mediacom, the old secondary internet link will be disconnected.

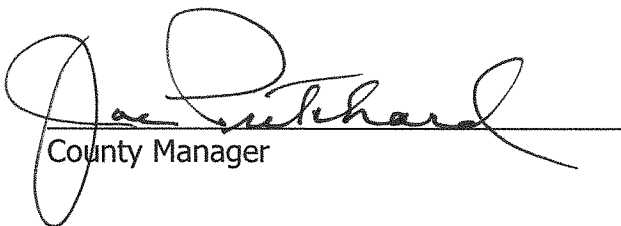

- OPTIONS:
- 1. Approve the Internet Bandwidth Contract
