COUNTY ACTION REQUESTED ON: Professional Services for Copeland Road

---

HISTORY, FACTS, AND ISSUES: Lowndes County Engineering has received a proposal from Innovate Engineering Solutions for the surveying and engineering design for sidewalks along Copeland Road from Poole Street to Copeland Road. Lowndes Middle School is located off of Copeland Road and numerous children walk to and from school every day along Copeland Road. Due to the narrow shoulder, a lot for the students walk along the edge of pavement. Lowndes County is applying for a safety grant from GDOT that will be awarded June 1, 2016. By completing the surveying and engineering in advance of the award, the project can be completed during the summer months and be completed before school starts in August.

- OPTIONS: 1. Authorize Innovate Engineering Solutions to Complete Surveying and Engineering for sidewalks along Copeland Road.  
2. Board's Pleasure.

RECOMMENDED ACTION: Option 1.

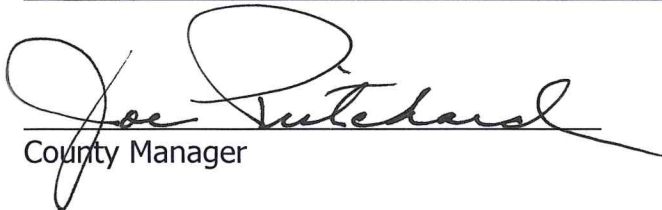

DEPARTMENT: Engineering

Department Head: Mike Fletcher

ADMINISTRATIVE COMMENTS AND RECOMMENDATION:
