GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**Lowndes County Board of Commissioners
Georgia**

For the Fiscal Year Beginning

July 1, 2017

Christopher P. Morill

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Award to Lowndes County for its annual budget for the fiscal year beginning July 1, 2017. In order to receive the award, a government must publish a budget document that meets the criteria as a policy document, an operations guide, a financial plan and a communications device. The award is for a period of one year only. We believe our current budget document continues to conform to the program criteria and are submitting it to GFOA to determine eligibility for another award. Lowndes County has received this award for twelve consecutive years.

The GFOA also awarded a Certificate of Achievement for Excellence in Financial Reporting to the County for its comprehensive annual financial report (CAFR) for the year ending June 30, 2017. In order to be awarded this certificate, a government must publish an easily understandable and efficiently organized CAFR that satisfies both Generally Accepted Accounting Principles (GAAP) and applicable legal requirements. This award is also for a period of one year only. We believe our CAFRs continue to meet the criteria of the program and will be submitting them to GFOA to determine eligibility for another award. Lowndes County has received this award for eleven consecutive years.

June 19, 2018

Chairman Bill Slaughter
Commissioner Joyce E. Evans
Commissioner Scott Orenstein
Commissioner Mark Wisenbaker
Commissioner Demarcus Marshall
Commissioner Clay Griner

Honorable Chairman and Commissioners:

In accordance with OCGA § 36-81-6 and the duties and responsibilities of the County Manager, I am pleased to present to you the proposed budget for Lowndes County for the year ending June 30, 2019. As you are all aware, the past several years have been lean and the budgets presented to you have been structurally sound, reflecting the County's conservative financial policies while still meeting the demands of the citizens. At your direction, we have taken a hard look at things that we felt were very much needed to continue to meet those demands and improve the quality of life for our citizens. Those additions and upgrades are included in the budget presented to you now. In saying all of this, I would also like to take a moment to commend the staff and officials of Lowndes County for their efforts in maintaining that level of service with the resources available to them.

Much planning and preparation goes into each year's budget. At the Annual Planning Meeting, the Board determines the goals and objectives for the coming year. This sets the tone for the new budget and gives us direction as we prepare the documents for presentation. Additionally, the County contracts as necessary for studies and plans to help with the process. This includes a pay plan, merit increase plan, capital improvement plan, comprehensive plan, water and sewer master plan and a water and sewer rate study. These various resources are all considered in formulating the new budget as well as the impact of any new demands, population increases, inflation or legislative changes.

[Return to Table of Contents](#)

I would like to take a moment to remind you of the measures that have been taken over the past several years to maneuver through these difficult times. Obviously, one of the most difficult years was 2011. During that year, there was a reduction in force, early retirements and significant reduction to funding for outside agencies. Very few of those positions have been added back as of today. We have since looked at ways to improve our employee insurance program and have implemented a wellness program in hopes of reducing health care claims while improving the overall health of our employees. We are working smarter and are a stronger, leaner government because of these efforts.

As we look towards our upcoming budget, I feel it is important to take a moment to review the accomplishments, events and challenges of the past year.

Accomplishments:

- * GFOA Distinguished Budget Award: Lowndes County received the Distinguished Budget Award for the twelfth consecutive year for its budget beginning July 1, 2017.
- * GFOA Certificate of Achievement for Excellence in Financial Reporting: Lowndes County received the Certificate of Achievement for Excellence in Finance Reporting from GFOA for the tenth consecutive year for its CAFR for the year ending June 30, 2016.
- * Bond Rating: Lowndes County maintains an excellent bond rating. The most recent ratings were A1 from Moody's and AA- from Standard and Poor's.

Events:

- * Millage Rate: Lowndes County made no adjustments to the millage rate for 2017, leaving the County portion at 8.74 mills. It is the goal of the Board of pass a budget with no expectation for an increase in 2018 as well.
- * Employee Compensation: As directed by the Board, staff looked at employee compensation and any needed cost of living adjustments. Based on funding availability and need, the Board felt that the most effective option for employees was a cost of living increase which will become effective in July, 2018.
- * Technology Fleet Fund: During 2017, the Board addressed issues with information technology through the creation of the Technology Fleet Fund. Additionally, in 2018, a department was created for ITS projects. Once the project becomes operational, the application can be moved to the Technology Fleet Fund for users to share in the cost. Additionally, costs were allocated to the appropriate departments rather than being shared by all. Staff continues to make adjustments to the mechanics of the fund annually.

[Return to Table of Contents](#)

- * **Moody AFB Water and Wastewater System:** During 2017, Lowndes County entered into a contract with Moody Air Force Base to service their water and wastewater systems. Additional personnel were added during the year and Moody pays Lowndes County for the operation of the system.

Challenges: With any budget, there are always requests from departments and elected officials that cannot be met. That is not to say that those requests are without merit, only that the current financial climate does not allow for them to be included at this time. The goal of the County is to always remain fiscally sound and yet responsive to the citizens we serve. Several years ago, the Board adopted a “Back to Basics” philosophy. Under this philosophy and with the County’s conservative financial policies, we have remained sound ever with the challenges. In recent years, we have reduced personnel, stretched the life of vehicles, equipment and computers, and found new and better ways of meeting needs. In the upcoming year, we face many of these same challenges and are not able to fund all requested items. We have, however, tried to address some needs that may have been put off in previous years. Some of the challenges that we still face are outlined as follows:

- * **Special Purpose Local Option Sales Tax (SPLOST) and Local Option Sales Tax (LOST):** In the past several years, collection of sales taxes has been flat or even in a slight decline. Fiscal year 2018 has seen some improvement and that trend is expected to continue into fiscal year 2019. As a reminder, while SPLOST has an impact on capital projects, LOST directly impacts taxpayers as it is a source of property tax reduction.
- * **Road Maintenance:** Lowndes County still has a considerable inventory of unpaved roads that must be maintained. While collection of SPLOST for paving has declined, the County continues to work on the paving list. Additionally, a recently passed regional T-SPLOST will aid in addressing paving needs.
- * **Fine Revenues:** As noted in previous years, fines were well below historic levels. The activities of law enforcement, 911 and the courts, however, continue to increase. While files are still low, in the past twelve months there has been some positive movement.
- * **Legislative Changes:** Beginning March 1, 2013, the General Assembly made changes to the tax laws relating to motor vehicles, eliminating the traditional “birthday tax” and imposing a new Title Ad Valorem Tax (TAVT) and eliminated sales tax on vehicles.
- * **Creation of a new in-house Probation Department:** The anticipation was for the department to be operational mid-way through fiscal year 2018. While the start was delayed, a director was hired as well as some staff and the department is anticipated to begin operations on July 2, 2018.

Budget Highlights:

The fiscal year 2019 proposed budget totals \$106,969,034, up from \$103,676,462 or 3.18%. The budget is comprised of 76.32% operating costs and 23.68% capital. The operating budget is \$81,638,684, up from \$77,480,862 or 5.37%. The capital budget is \$25,330,350, down from \$26,095,600 or (2.93)%. Following is a chart showing the comparison of funds for 2018 and 2019.

Fund	FY 2018	FY 2019	Variance	% Change
General Fund	\$54,412,538	\$55,698,918	\$1,286,380	2.36%
Special Revenue Funds				
Commissary	776,002	850,879	74,877	9.65%
Drug Seizures	1,000,000	1,000,000	-	0.00%
Law Library	100,000	100,000	-	0.00%
Accommodation Tax	440,000	440,000	-	0.00%
Intergovernmental Grants	753,868	694,119	(59,749)	(7.93)%
Jail Operations	380,935	441,500	60,565	15.90%
Drug Abuse Treatment	170,000	170,000	-	0.00%
Emergency Communications	3,482,628	3,715,034	232,406	6.67%
Victim/Witness	207,102	221,034	13,932	6.73%
Special Services	4,343,888	4,492,095	148,207	3.41%
	\$11,654,423	\$12,124,661	\$470,238	4.03%
Capital Project Funds				
SPLOST VI	2,500,000	2,500,000	-	0.00%
SPLOST VII	21,000,000	21,000,000	-	0.00%
	\$23,500,000	\$23,500,000	\$-	0.00%
Enterprise Funds				
Water & Sewer	5,033,707	5,171,694	137,987	2.74%
Landfill	271,186	286,064	14,878	5.49%
Tax Lighting	286,440	334,640	48,200	16.83%
	\$5,591,333	\$5,792,398	\$201,065	3.60%
Internal Service Funds				
Equipment Maintenance	2,511,596	2,551,039	39,443	1.57%
Health Insurance	4,860,000	6,006,860	1,146,860	23.60%
Workers Compensation	552,818	571,708	18,890	3.42%
Technology Fleet	593,754	723,450	129,696	21.84%
	\$8,518,168	\$9,853,057	\$1,334,889	15.67%
All Funds	\$103,676,462	\$106,969,034	\$3,292,572	3.18%

[Return to Table of Contents](#)

The largest single source of revenue for the General Fund is derived from property taxes. In previous years, the growth in the tax digest has been relatively flat. While it is still minimal, the upcoming year shows a small amount of growth. However, it was still difficult to meet the needs and maintain the current levels of service with no anticipated change in the millage. The budget presented does not anticipate a change in the millage rate.

Other sources of revenue include licenses and permits, intergovernmental, charges for service, fines and forfeitures, investment income, miscellaneous and operating transfers. The total projected General Fund revenue for fiscal year 2019 is \$55,698,918, up from \$54,412,538 or 2.36%. Of this amount, current year property taxes account for approximately 57.32%, down from 58.51%.

The three main components of the expenditure budget are personnel, operations and capital. In the proposed budget, there are nine new positions; however, several positions were eliminated during fiscal year 2018 through contracts. There is a cost of living increase included in the budget which will become effective in July, 2018. Personnel costs represent \$28,515,448 or 51.20% of the General Fund and \$35,274,858 or 32.98% of the total budget.

FIGURE 2 - TAX REVENUE HISTORY

[Return to Table of Contents](#)

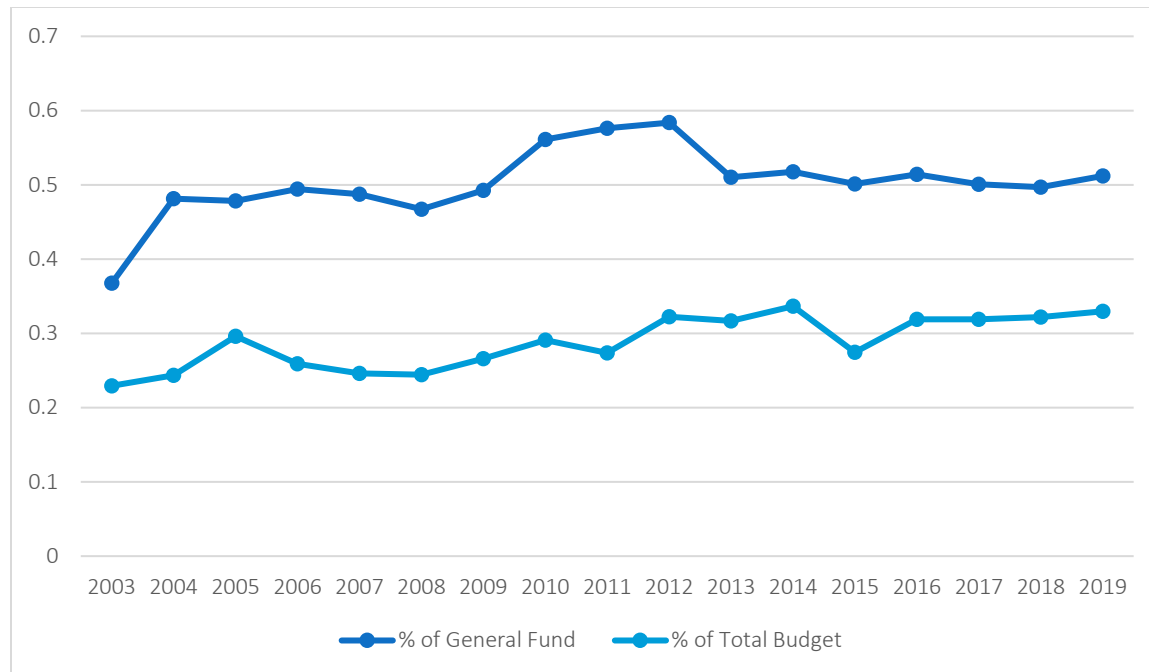

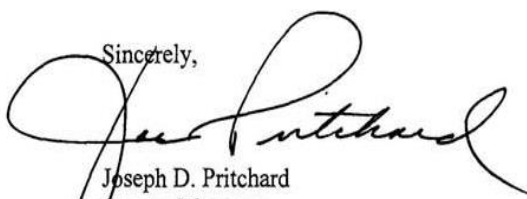

FIGURE 3 - PERSONNEL AS A PERCENTAGE OF BUDGET

Summary: In keeping with the direction of the Board, the Budget Committee hereby presents what we feel is a conservative budget, but one that meets the direction provided and allows for the continuation of services and addresses some of the needs of the County as well. The budget presented does not anticipate an increase in the millage rate. The budget included several new positions, addresses technology needs and provides a COLA. As I have said in the past, we must continue to be diligent and search for better, more efficient ways to serve the needs of our great community in the most effective manner possible.

I am tremendously grateful for the efforts of our department heads, elected and appointed officials in developing this budget and for their efforts and understanding during these lean times. Their willingness to explore new options makes this process much easier. Special recognition goes out to Stephanie L. Black, Finance Director and Kevin Beals, Human Resource Director and their staff in formulating this document. They are to be commended for their diligence throughout this process. The Budget Committee and I stand ready to assist you as we begin the new year.

Sincerely,

 Joseph D. Pritchard
 County Manager

[Return to Table of Contents](#)

Commission Goals

Each year at the annual planning meeting, the Board sets the goals for the coming year which in turn sets the direction for the year. For many years, the Board set very specific goals. During the turn in the economy, their focus turned to a “Back to Basics” philosophy of meeting citizens’ needs and demands and remaining fiscally sound. The goals during those years have become the basic tenets of everything the County does. While the Board has returned to formal long-term and short-term goals, those basic objectives still remain as the foundation.

- **CGI** – To ensure citizen safety and quality of life
- **CGII** – To educate the public and employees regarding the county government
- **CGIII** – To ensure the financial strength of the County
- **CGIV** – To provide services in an efficient, effective and responsive manner

As the budget process begins each year, every department and elected official is reminded of those basic objectives. The goals set during the annual planning meeting are adopted in a commission meeting, generally during the same month and before the budget requests are due to Finance to begin the process.

Short-Term Goals:

- Study Feasibility of County Inspections Department: Review data within the next twelve months related to current inspections and permitting departments to determine if Lowndes County could support this service based on revenue that would be collected from administering the service in unincorporated Lowndes County. **CGI, CGIII, CGIV** – *Staff has prepared information for Commission review.*
- Improve Lowndes County’s Animal Welfare Ordinance: Instruct staff to review, research and recommend improvements to Lowndes County’s current animal welfare ordinance to address needs related to health, safety and welfare of citizens and animals for consideration no later than June 30, 2019. **CGI, CGIII, CGIV** – *Staff has prepared information for Commission review.*

[Return to Table of Contents](#)

Commission Goals

Short-Term Goals:

- Establish a Lowndes County Veteran’s Advisory Council: Draft and approve a resolution establishing the framework and membership for the Lowndes County Veteran’s Advisory Council no later than June 30, 2015. *CGI, CGII, CGIV – Funds have been allocated for meetings to being forming this council.*
- Community Water System Risk Analysis: Compile data over the next twelve months identifying age, location, capacity and customer base of each private water system in Lowndes County resulting in a financial analysis of the County’s risk related to taking over individual systems and/or incorporating them into the County’s existing system. *CGI, CGIII, CGIV – This goal was moved from long-term to short-term. Staff has expanded efforts to not only identify locations and risks of private water system, but to also identify existing systems that are near County infrastructure. A report will be presented to the Board for consideration.*
- Bemiss Fire Station Facility Upgrade for Addition of EMS Services: Finalize plans over the next sixty days to partner with South Georgia Medical Center to design and finance facility improvements to provide for the housing of EMS at the County’s fire station on Bemiss Road in order to enhance emergency medical response services. *CGI, CGII, CGIV – This goal was moved from long-term to short-term. Staff continues to gather information to present to the Board. Changes in hospital leadership have postponed movement on this goal.*

Long-Term Goals:

- Establish a Plan for Broadband Capacity and Speed Improvements: Identify stakeholders in the process, define current capabilities, develop a scope of work and possible funding mechanisms related to improving the service in accordance with local needs and in an effort to encourage community-wide economic development. *CGI, CGIV – Initial research indicated that this will require significant investment. Officials continue to discuss ways local stakeholders could collectively begin formulating this plan.*

[Return to Table of Contents](#)

Commission Goals

Long -Term Goals:

- Inland Ports: Identify the value of Lowndes County becoming an inland port and develop a plan of action to market the concept. **CGI, CGII, CGIV** – *Officials continue to discuss this goal with state and local stakeholders.*
- Adult Drug and/or Mental Health Court: Work with local court representatives to research the benefits and feasibility of expanding Lowndes County’s court structure to include an adult drug and/or mental health court beginning with analysis of the number of local offenders that might be served and a study of how programs are administered in other communities of similar size and offender rates. **CGI, CGIII, CGIV** – *Accomplished – The County allocated matching grant funds to finalize the budget for an accountability court for felony offenders. The County has also allocated matching grant funds for a similar program in State Court, primarily focused on DUIs. A court software package has been implemented which will aid in reporting. Staff and officials continue to study a local reporting/education center for offenders and other improvements aimed at making a positive impact on the County’s recidivism rate.*
- Continue Efforts to Provide for the Support of Moody Air Force Base (MAFB): Draft a strategic plan establishing partnership guidelines for the ongoing operations of MAFB to include personnel support, service integration, technology enhancements and infrastructure support. **CGI, CGIII, CGIV** – *Officials and staff have worked on several efforts related to the community’s support of Moody Air Force Base. County officials have traveled to Washington D.C. to discuss the base with Pentagon officials and the P4 Initiative continue to garner attention from the Air Force and other communities.*

How to Use this Document

The purpose of this document is to serve as a comprehensive summary of the County's operations for the coming year and to explain the factors and assumptions that led to the plan as well as establishing the goals and objectives of the Board of Commissioners. The document should discuss challenges that the County faces as it strives to be a fiscally responsible and responsive local government. The budget document should serve as a policy document, a financial plan, an operations guide and a communications device.

To assist the reader, the budget document is divided into four main sections:

- * [Introduction](#) – This section provides general information to familiarize the reader with Lowndes County. There is a community profile, information on fund structure and policies, discussion of current goals and organizational information.
- * [Financial Summary](#) – This section provides the reader with information on the overall County budget including historical information, debt service and capital improvements.
- * [Specific Fund Budgets](#) – This section breaks down each fund and department for the reader, providing them with budget information and history as well as goals, objectives and performance measures.
- * [Appendices](#) – This section provides supplemental information to assist the reader in understanding the budget document. Included is a glossary of terms, a five-year projection and a detailed chart for approved positions.

The goal of this document is to present the policies and goals of the County, revenue and expenditure summaries and descriptions of activities, services and functions. Also presented are descriptions of the budget process, debt, capital and staffing.

[Return to Table of Contents](#)

A History of Lowndes County

Lowndes County, located in south central Georgia, was created on December 23, 1825. The County was named for William Jones Lowndes, a South Carolina statesman who died shortly after being nominated for Vice-President of the United States. His father, Rawlins Lowndes, was a revolutionary leader from South Carolina.

In 1821, four settlers, James Rountree, Lawrence Folsom, Drew Vickers and Alfred Belote, moved into a section of Georgia which is now known as Lowndes County. The following year, the State commissioned General John Coffee and the militia to cut a road from Telfair County to Thomas County. Realizing the potential, Sion Hall and his son Enoch came to the region and began a sawmill and eventually a store, establishing the first commercial enterprise in the County. In 1825, it was decided to petition the legislature to create a new county. The original county was 2,080 square miles and bordered Ware, Thomas and Irwin counties and the state of Florida.

The appointed Commissioners decided on a permanent site for the county seat in 1827 which was adjacent to a good spring on the Withlacoochee River. Franklinville was made up of only a few houses, some log buildings, a courthouse, a post office and a store. Court convened for the first time in May, 1829. Franklinville proved to be an unsatisfactory county seat and the Commissioners decided to move to the junction of the Withlacoochee and Little Rivers. In 1837, Troupville became the new county seat. Troupville was named for Governor George Troup, one of Georgia's most noted governors. Troupville grew rapidly, soon becoming a town with stores, residences, shops and churches. It soon built a courthouse.

[Return to Table of Contents](#)

A History of Lowndes County

While the citizens had long anticipated the railroad coming and had invested in it, when it did extend its right of way, it was four miles to the south of the county seat. Realizing that the rail line was vital to their progress, the Commissioners once again chose to relocate the county seat along the rail line in 1859. While the name Troupville was not moved, the citizens wanted to retain some ties to Governor Troup and the new town was named

Valdosta, after Troup's plantation, Val d'Aosta. July 4, 1860 marked the first day the train passed through Valdosta and on December 7, 1860, the city was incorporated. Lowndes County soon became the largest inland market of Sea Island cotton in the world. Coca-Cola's second bottling company in the world was also located in Lowndes County.

The Strickland Cotton Mill was established in 1900 and was one of the largest industries in early Lowndes County. Employees of the mill lived in the company town which was known as Remerton. Although the mill is no longer in operation the city of Remerton continues to thrive. Hahira, incorporated in 1891, is home to the Hahira Honey Bee Festival. Lake Park, incorporated in 1891, was an agricultural community that thrives around Twin Lakes. Although it was not incorporated until 1968, Dasher was established in 1893 and is home to Georgia Christian School.

Valdosta State University was established in 1906. First called South Georgia State Normal College, the school was renamed Georgia State Women's College in 1922. Following World War II, the school was renamed Valdosta State College in 1950 and achieved university status on July 1, 1993. The campus, which sits on 180 acres, has six colleges, 61 undergraduate degrees and 57 graduate degrees. Current enrollment is approximately 11,000 students.

A History of Lowndes County

Today, Valdosta and Lowndes County are a thriving economic center, ideally located on the state border with Florida along Interstate 75. Lowndes County boasts two rail services, an airport, and quick access to seaports. Shopping opportunities are available with a mall, antiques and a thriving downtown area. Lowndes County is also home to Moody Air Force Base, named for George Putnam Moody, home of the 23D Wing and the 93D Air Ground Operations Wing.

If you are looking for recreation, Lowndes County offers something for everyone. The Valdosta-Lowndes Parks and Recreation Authority offers programs and athletics as well as parks and trails. Grand Bay Wildlife Management Area and the assortment of lakes in the county offer plenty of wildlife opportunities. Wild Adventures Theme Park hosts and animal park and water park along with thrill rides and live entertainment. Turner Arts Center hosts galleries and events throughout the year as well as classes for all age and skill levels. The Theatre Guild and Peach State Summer Theatre offer live performances sure to entertain. For those who enjoy more leisurely pursuits, the area hosts a number of beautiful golf courses. No matter what you are looking for, there is sure to be something to appeal to residents and visitors alike.

The Budget Process

The formal budget process for elected officials, department and outside agencies begins in the late fall of each year. During late November, the Budget Committee develops a calendar for approval by the Board of Commissioners and begins to send out packages for each division, department or agency which receives funding from the County. Generally, around the same time those requests are being returned to Finance, the Board of Commissioners holds their annual planning meeting (retreat). At this meeting, the Board determines the directions and goals for the County for the coming year.

Packages include historical information and year-to-date information for each budgetary unit. The package also includes instructions and due dates for the process. Requested personnel and upgrades to positions are required to be turned in at an earlier date to allow Human Resources time to compute the costs of those requests. Budget packages also include worksheets for division goals, objectives and performance measures which include guidance for completion and the prior year's goals and objectives.

Once the budget packages are returned, Finance enters all information into the budget system and begins work on revenue projections and other expenditures. The Budget Committee, made up of the County Manager, Finance Director and other appointed staff, meet with departments to discuss their requests and gather additional necessary information. Elected officials and outside agencies are given the opportunity to meet with the Board of Commissioners to discuss their requests.

Using the data gathered during this process, the committee then begins to make adjustments to develop a proposed budget. It is the objective of the Budget Committee to present the Board with a balanced budget, meaning budgeted revenues and fund balance meet or exceed budgeted expenditures.

Commission work sessions are then scheduled where the Budget Committee reviews the proposed budget with the Board. Once any changes recommended by the Board are entered, public hearings are scheduled and advertisements are placed. A copy of the proposed budget is also available for citizen review in the Office of the County Clerk.

Budgeting and Accounting Controls

The budget is adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP). Encumbrances are recorded to prevent expenditures from exceeding budgeted amounts. The County's accounting records for governmental type funds are maintained on a modified accrual basis, with revenues being recorded when available and measurable and expenditures being recorded when the services or goods are received and the liabilities are incurred. Accounting records for proprietary funds are maintained on an accrual basis, with revenues being recorded when earned and measurable and expenses being recorded when the services or goods are received and the liabilities are incurred. It should also be noted that the Board of Commissioners is fiscally responsible for a number of organizational units that it does not have direct control over. These constitutional officers, elected officials, boards and mandates have a great deal of discretion over their operations and over their budgets.

The level of budget control, the level at which the expenditures cannot legally exceed the approved budget, is maintained at the departmental level. County department budgets contain detail by major service group (personal services, contractual services, etc.) and by line item within each major service group (salaries – regular, health insurance, etc.) Individual line items can be overspent as long as the “group” they belong to does not go over budget. Groups are made up of accounts within the department that the department head has some discretion over. Items such as personnel, debt services, utility and fleet rentals are not included in groups as they must be paid. Line items for personnel cannot be moved without the approval of the Board of Commissioners. The objective of these budgetary controls is to ensure compliance with legal provisions and mandates embodied in the approval of the annual budget adopted by the Board of Commissioners. The annual budget includes the General Fund, special revenue funds, capital project funds, enterprise funds and internal service funds.

[Return to Table of Contents](#)

Fund Structure and Basis of Accounting

Basis of accounting determines when transactions are recorded into the financial records and reported on the financial statements. Government-wide, enterprise fund and internal service fund financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. The difference in the accrual and modified accrual basis arises in the recognition of revenues, the recording of deferred revenues and the presentation of expenses versus expenditures. Under the accrual method, income is recorded in the period in which it is earned and expenses are recorded in the period in when they are incurred. Modified accrual is the method under which revenues are recorded when they become available and measurable and expenditures are recognized in the period in which the associated liability is incurred. Following is a chart defining the County's current fund structure and the basis of account used for each appropriated fund. The chart also identifies which funds are classified as major funds. The basis of accounting and budgeting is the same for each fund.

Fund	Description	Basis of Accounting
General Fund (Major)	The General Fund is the principle operating fund of the County government. Most of the operating expenditures of the County should be accounted for in the General Fund unless there is a compelling reason for them to be reported in another fund type.	Modified Accrual
Special Revenue Funds	Special Revenues Funds are used to account for specific revenues that are legally limited in their usage.	Modified Accrual
Commissary Fund	This fund is used to account for the personal items purchased for benefit of prisoners of the Lowndes County Jail. All proceeds are returned to the fund and must be used for the benefit of prisoners.	Modified Accrual
Drug Seizure Fund	This fund is used to account for the funds received by the Sheriff related to drug interdiction. The funds are required to be used for program that help reduce the use of drugs and educate the public on drug resistance.	Modified Accrual
Law Library Fund	This fund is used to account for the monies received and used for the law library which is administered by the courts.	Modified Accrual
Accommodation Excise Tax Fund	This fund is used to account for the collection of an accommodation excise tax, often referred to as hotel/motel taxes or "bed" taxes. The current rate for unincorporated Lowndes County is 7%	Modified Accrual

[Return to Table of Contents](#)

Fund Structure and Basis of Accounting

Fund	Description	Basis of Accounting
Intergovernmental Grants Fund	This fund accounts for the majority of grants received by the County. Exceptions are generally for CDBG funds or other grants that qualify as capital projects.	Modified Accrual
Jail Operations Fund	This fund accounts for monies received from special add-on fines that are set aside for staffing, maintenance and operation of the Lowndes County Jail	Modified Accrual
Drug Abuse Treatment Fund	This fund accounts for monies received from special add-on fines that are set aside for drug treatment and education programs. Traditionally, this fund was used solely for the Lowndes Drug Action Council (LODAC) but now also funds grant matches for the Accountability Court and DUI Accountability Courts.	Modified Accrual
Emergency Communications Fund	This fund accounts for all activities related to emergency communication. Included in the fund are the 911 Center, radio communications and Public Safety Radio System, the 800 MHz system used by all emergency responders. Users of the system share the recurring costs.	Modified Accrual
Victim/Witness Fund	This fund accounts for monies received from special add-on fines that are set aside for victim programs. The monies are allocated to the District Attorney who allocates a portion to the Solicitor General.	Modified Accrual
Special Services Fund (Major)	This fund was created as part of the service delivery agreement for 2008. Revenues are derived primarily from unincorporated sources and expenditures are primarily for the benefit of unincorporated citizens.	Modified Accrual
Capital Project Funds	<i>Capital Project Funds are used to account for specific revenues that are limited to specific capital projects. The County uses the capital project funds to account for its Special Purpose Local Option Sales Tax (SPLOST),</i>	<i>Modified Accrual</i>
SPLOST V Fund	This fund accounts for the County's fifth SPLOST and appears for historical purposes only.	Modified Accrual
Judicial/Admin & Jail Construction Fund	This fund accounts for monies from a bond tied to SPLOST that was used for construction of part of the Judicial/Administrative Complex and the County Jail.	Modified Accrual

[Return to Table of Contents](#)

Fund Structure and Basis of Accounting

Fund	Description	Basis of Accounting
SPLOST VI Fund	This fund is the County's sixth SPLOST. Collections ended in 2013. Unlike previous SPLOST, municipalities were paid out monthly rather than as projects were completed.	Modified Accrual
SPLOST VII Fund (Major)	This fund accounts for the County's current SPLOST. Collections began in 2014 and continue for six years.	Modified Accrual
Public Roads – LMIG Fund	This fund accounts for Georgia Department of Transportation (DOT) road assistance programs.	Modified Accrual
CDBG – Second Harvest Fund	This fund accounts for Community Development Block Grant Funds (CDBG) used to expand Second Harvest Food Bank.	Modified Accrual
CDBG – CAC Fund	This fund accounts for CDBG Funds used to build a new Children's Advocacy Center.	Modified Accrual
<i>Enterprise Funds</i>	<i>Enterprise funds are "business-like" funds that are financed primarily from user charges.</i>	<i>Accrual</i>
Water & Sewer Fund (Major)	This fund accounts for the County's utility system which provides water and wastewater services in the unincorporated area and to Moody Air Force Base.	Accrual
Landfill Fund	This fund receives revenues in the form of host fees from a private landfill. Expenses are for post-closure of the County's closed landfill and funding of Keep Lowndes Valdosta Beautiful.	Accrual
Tax Lighting District Fund	This fund accounts for the County's special tax lighting districts. Rates were adjusted during fiscal year 2018.	Accrual
<i>Internal Service Funds</i>	<i>Like enterprise funds, internal service funds are funded through user charges. Customers are primarily internal.</i>	<i>Accrual</i>
Equipment Maintenance Fund	This fund accounts for maintenance of all vehicles and equipment for the County. Departments pay a rental fee into the fund.	Accrual
Health Insurance Fund	This fund accounts for the County's self-insured health plan.	Accrual
Workers Compensation Fund	This fund accounts for the County's workers' compensation plan.	Accrual
Technology Fleet Fund	This fund accounts for replacement and management of technology and programs used throughout the County. Users pay a rental fee into the fund.

Accounting and Auditing Policy

Georgia Code § 36-81-7 requires that an annual independent audit of the financial statements of the County be performed. This policy is intended to provide guidance for accounting and the general audit.

The County shall establish and maintain a formal, written policy and procedures handbook. All policies contained in this manual shall be adopted by the Board of Commissioners

The Finance Department shall prepare quarterly financial reports for management purposes and shall reconcile monthly according to the currently prescribed reconciliation schedules. The Finance Department shall prepare a Comprehensive Annual Financial Report. Once audited, this report shall be made available to elected officials, other agencies, creditors and citizens upon request.

Annually, an independent public accounting firm shall conduct an audit of the financial reports of the County.

The County may use the competitive bid process for an audit or may appoint a county auditor for a period of three to five years. In issuing a request for proposal, the County shall request for qualifications and the proposal for costs. Qualification of the auditor shall be determined prior to the opening of the bids for cost. An agreement between the County and the auditor shall be in the form of a written contract that will include the request for proposal. All general-purpose fund and group statements and schedules shall be subject to the full scope of the audit.

The County shall maintain a strong internal audit function. The Internal Auditor shall report to the County Manager and shall evaluate the County's systems to ensure compliance with policy and internal controls.

(Adopted Nov. 2008, LCBOC)

[Return to Table of Contents](#)

Budget and Equity Policy

The purpose of this policy is to provide general guidance for the operations of the Finance Department relating to budgeting and equity reserves. The adoption of an operating budget is one of the County's most important activities and is subject to Georgia Code § 36-81-7.

A budget calendar for the subsequent budget year shall be presented to the Board of Commissioners at the start of each budget cycle. The calendar shall include specific tasks required to prepare the budget and completion dates for those tasks.

The County will utilize a decentralized operating budget process. All departments and constitutional officers provide to the Finance Department requests for personnel, goods, capital and services necessary to meet the operational objectives for the budget period. Each shall submit a budget for "current services" "expanded services" and "expanded services – not carried forward". Special, one-time revenues shall be used to purchase non-recurring items and shall not be used to support long-term operations. Special revenue funds are limited to the mandates of the funding source and are not to be used to subsidize other funds unless specifically allowable under the program regulations.

Annual budgets shall be adopted for the General Fund, special revenue funds, enterprise funds and internal service funds. Project budgets shall be adopted for capital project funds. Trust and agency funds achieve budgetary control through stipulations in the trust agreements; therefore, budgets are not adopted for these funds.

The budget for each fund must be balanced. Anticipated revenues and unreserved fund balance must equal or exceed anticipated expenditures.

It is the objective of the County to maintain an unreserved fund balance for the General Fund to pay expenditures from unforeseen emergencies, for shortfalls caused by revenue declines and to eliminate any short-term borrowing for cash flow purposes. The County shall strive to maintain this unreserved fund balance at a level equivalent to one quarter's expenditures (120 days).

[Return to Table of Contents](#)

Budget and Equity Policy

Budgets for governmental fund types will be adopted on the basis of Generally Accepted Accounting Principles (GAAP) except for the recognition of outstanding encumbrances. Revenues are budgeted when they become measurable and available and expenditures are charged against the budget when they become measurable, a liability has been incurred and the liability will be liquidated with current resources. All outstanding encumbrances are charged as expenditures to the budget appropriation in the year initially encumbered.

All unencumbered appropriations lapse at year end. However, the appropriation for major capital projects and capital assets carry forward automatically to the subsequent year. When these encumbrances become expenditures, they are charged to the subsequent year's revised budget. All other encumbered appropriations lapse at year end and any of these orders that the County honors must be charged against the subsequent year's original budget.

The budget shall be adopted at the fund/department level. Any adjustments of salaries and benefits shall require the approval of the Board of Commissioners. The County shall include an amount in the General Fund budget for unforeseen operating expenditures. This contingency shall be approximately 1.5% of the operating budget or \$500,000, whichever is less.

The County shall maintain a system of budgetary control to ensure adherence to the budget. The proposed budget shall be submitted to the Board of Commissioners for adoption prior to June 30 of each calendar year. A copy of the proposed budget shall be made available to the public and, upon request, to the news media. An advertisement of the availability of the proposed budget and notice of public hearing shall be placed as prescribed in Georgia Code § 36-81-5. The public hearing shall be at least one week prior to the meeting at which the budget is to be adopted by the Board of Commissioners.

(Adopted Nov. 2008, LCBOC)

[Return to Table of Contents](#)

Capital Improvement Plan Policy

A capital improvement plan (CIP) is a long-range plan of purchasing, constructing and maintaining the County's capital assets. A capital budget is the portion of the operating budget that funds capital costs. To effectively manage debt and project cash flows, the County shall strive to maintain a CIP for a five-year period. As resources are available, the most current year of CIP will be incorporated into the current year's budget. The CIP will be reviewed and updated annually.

For purposes of this policy, land, land improvements and building projects with a cost of \$7,500 or more shall be classified as a capital asset. Equipment with a cost of \$7,500 or more and a useful life of two or more years shall be classified as a capital asset.

The County's objective is to meet the capital needs of the County in a manner that is most beneficial to the citizens. Projects in the CIP shall be prioritized during the annual review. The following criteria shall be considered when prioritizing projects:

- * Is the project mandatory?
- * Does the project improve efficiency?
- * Does the project provide a new service?
- * What is the extent of the project's usage?
- * What is the project's useful life?
- * What is the effect on operations and maintenance costs for the project?
- * What are the available state/federal grants for the project?
- * What hazards will the project eliminate?
- * What are the prior commitments for the project?

The County shall strive to allocate approximately 5% of the annual General Fund budget towards the addition and replacement of capital assets.

(Adopted Nov. 2008, LCBOC)

[Return to Table of Contents](#)

Investment Policy

Per § 36-83-2G of the Official Code of Georgia, “public interest is served by maximum and prudent investment of idle public funds so that the need for taxes and other revenue is decreased commensurately with the earning on such investment.” It is the objective of Lowndes County to invest idle public funds in a manner which will provide the highest investment return while insuring safety and liquidity as well as complying with the above code section. Investment decisions are made with the judgement and care of a prudent person, not for speculation, but for investment.

Responsibility: Management and administration of the investment program at the County shall be the responsibility of the Finance Director. The Finance Director shall establish written procedures for the operation of the program, specifically outlining the decision-making process, requirements for investment, placement of investments and authority established under the program. The Finance Director shall maintain a list of authorized institutions and shall review this list annually. On a quarterly basis, the Finance Director shall prepare a report of the investment program which shall be presented to the Board of Commissioners.

Objectives: In order to maximize investment return, the County shall pool all funds except those restricted or categorized as special funds. The County shall seek to reduce the credit risk, reduce the interest rate risk, meet liquidity requirements and maximize the rate of return. These objectives shall be achieved through long-term cash flow projections, diversification of investments and utilization of qualified institutions and brokers/dealers. Investment decisions shall be made impartially and any material interest in an institution or agency that can be construed to cause a conflict of interest shall be disclosed to the County.

The County shall also issue a request for proposal for banking services to financial institutions in the geographic area. The awarding of the contract shall be based on the proposals received. A contract shall be developed upon award and approved by the Board of Commissioners.

Type of Investments and Requirements: The County shall be authorized to make investment in the following types of securities pursuant to Georgia Code § 36-83-4:

- * Obligations of this or any other state;
- * Obligations issued by the United States government;
- * Obligations fully insured or guaranteed by the United States government or a United States government agency;

[*Return to Table of Contents*](#)

Investment Policy

- * Obligations of any corporation of the United States government;
- * Prime bankers' acceptances;
- * Local government investment pools;
- * Repurchase agreements;
- * Obligations of other political subdivisions of this state;
- * Deposits of institutions established under the laws of this state or the United States and operating in the State of Georgia.

Collateralization will be required on certificates of deposit and repurchase and reverse repurchase agreements at 110% of market value of principal and accrued interest. Collateral is limited to obligations issued by the United States government or an agency of the United States government and will be held by an independent third party with a safekeeping receipt supplied to the County. All transactions will be conducted on a delivery versus payment basis.

The County shall anticipate cash flows and shall attempt to match investments with that anticipated cash flow as closely as possible. Except for the reserves or other funds with long-term investment horizons, the County shall limit maturities to five years or less. A portion of the portfolio shall be invested in more liquid funds to meet the operational needs of the County.

Institution and Broker/Dealer Requirements: Investments shall be placed with institutions and broker/dealers on the authorized list maintained by the Finance Director. Institutions and broker/dealers desiring to become an authorized institution shall supply, as appropriate, the following items:

- * An audited financial statement;
- * Proof of National Association of Securities Dealers certification;
- * Proof of State of Georgia registrations;
- * Completed broker/dealer questionnaire;
- * Certification of having read and agreeing to comply with the Investment Policy of Lowndes County.

Prior to placing any investment, the institution will provide a certification of having read and agreeing to comply with the Investment Policy and to exercise due diligence in managing the investments of Lowndes County.

[Return to Table of Contents](#)

Investment Policy

Diversification Limits: In order to maintain a secure and diversified portfolio, the County has set the following limits for investing in certain types of securities:

- * US Government Obligations – 100%
- * US Government Agency Securities and Securities issued by instrumentalities of government sponsored corporations – 75%
- * Repurchase Agreements – 25%
- * Prime Bankers Acceptances – 10%
- * Obligations of other political subdivisions of the State of Georgia – 25%

Reporting and Audit Requirements: A quarterly and annual investment report will be made by the Finance Director and submitted to the Board of Commissioners. The report shall include the following:

- * List of individual securities held at the end of the reporting period;
- * Realized and unrealized gains or losses resulting from appreciation or depreciation by listing cost and market value of securities over one-year duration that are not intended to be hold until maturity;
- * Average weighted yield to maturity of portfolio;
- * List of investments by maturity date;
- * Percent of total portfolio represented by each type of investment.

The Comprehensive Annual Financial Report of the County will disclose the performance of the investment program and will be audited by an independent firm.

(Adopted Dec. 2008, LCBOC)

Debt Management Policy

In order to meet the capital improvement projects, Lowndes County may from time to time issue debt instruments to finance these capital improvements. The following policy is intended as a guideline for the issuance of debt instruments regarding terms, methods, limits, responsibilities and objectives. This policy strives to provide a consistent and orderly decision-making process, to identify objectives and to demonstrate a commitment to long-term planning. Adherence to this policy and a commitment to full and timely repayment insure that the creditworthiness of the County is protected.

Creditworthiness Objectives: The County's primary objective is to minimize debt service costs. To meet this objective, the County will strive to maintain the highest credit rating possible without compromising services to its citizens. The Finance Director will maintain relationships with rating agencies and provide updated financial information regularly. At the discretion of the Finance Director and/or Committee, the County may seek the services of a rating agency on a debt issue. The County will strive to maintain a credit rating of "A" or higher for direct, long-term debt obligations and will offer enhancement if economically feasible to achieve that rating. The net debt service on the bonds should be reduced by more than the cost of the enhancements and should be subject to the competitive bid process. The County will fully and completely disclose all debt issues as part of its Comprehensive Annual Financial Report and will meet the standards set by the state and national regulatory bodies. The County will systematically plan for capital improvements to coordinate financial plans.

Responsibility: It shall be the responsibility of the Finance Director to develop financing recommendations. These recommendations should be based on time, carrying costs, financing options, effect on tax rates and user charges, interest rate trends and other appropriate factors. A committee comprised of the appropriate personnel will assist the Finance Director if appropriate. The Director and/or committee shall assess progress on the Capital Improvement Plan of the County, review regulatory charges, review services provided by outside agencies and evaluate the long-term financing plans. The Finance Director and/or committee shall analyze any proposal for capital refinancing made to the County or any agency that involves a pledge of the County's credit. The Finance Director and/or committee shall be responsible for the solicitation and selection of bond counsel, underwriters, financial advisors, paying agents and any other service provider deemed necessary.

[Return to Table of Contents](#)

Debt Management Policy

Bond counsel may be used to provide an opinion as to the legality and tax-exempt status of any obligation and to advise on all other types of financing and on any other questions involving federal tax or arbitrage laws. Bond counsel will be responsible for preparing ordinances authorizing issuance of obligations and closing documents to complete their sale.

A financial advisor may be used to advise on the structuring of obligations and on how the choices will impact the marketability of the obligations. The financial advisor will not bid or underwrite any debt issues of the County, eliminating any conflict of interest.

Limits on Indebtedness: The objectives of the County are to stay within prescribed state statutes and to maintain its own credit standing. The County will conduct annual reviews of capital spending and debt conditions as well as their impact on the millage calculation and debt management goals. The County should strive to work with each jurisdiction to eliminate duplication of services and efficiently manage capital improvement. The Finance Department shall be responsible for developing procedures for use of debt instruments as well as repayment terms and amortization schedules prior to the issuance of any debt. Following is a brief overview of the limits for specific debt issues.

Full faith and credit obligations of the County which are not self-supporting or which are paid from General Fund revenues are subject to a limit of 1% of taxable assessed value. Further annual debt service requirements should not exceed 10% of General Fund revenues.

Short-term lease purchase obligations used to purchase equipment and furnishings with useful lives of ten years or less should not exceed 0.125% of taxable assessed value. The obligation should not extend past the useful economic life.

General Fund loan guarantees and credit supports, used to meet high priority needs, are subject to a limit of 1% of taxable assessed value. Use of the General Fund to secure long-term obligations impairs the ability of the General Fund to support ongoing operations; therefore, a decision to do so must be approved by the Board of Commissioners. The use should demonstrate an underlying self-support, should be a transition to stand-alone credit and should be in the best interest of the County.

[Return to Table of Contents](#)

Debt Management Policy

Revenues secured debt may be used to fulfill the capital needs of revenue producing enterprise activities. The amount should be limited to the feasibility of the overall financing plan determined by the Finance Director and/or committee. Issuance of bonds shall be made in accordance with the laws of Georgia. The obligations of such bonds shall be held to the project requirements and the limits imposed by law.

Structure and Term: As with any financing plan, the duration of any debt issue should never exceed the economic life of the improvement that it is financing. Whenever possible, the duration should be shorter than the economic life. The County shall strive to pay 20% of debt obligation within five years and 40% within ten years. It is therefore imperative that long range plans and goals be set and monitored when debt issues are considered.

At the discretion of the Finance Director and/or committee, the County may also create a subordinate lien obligation, if appropriate. When determined to have a general public purpose and to be consistent with the County's overall service objectives, the County may sponsor conduit financing. Such financing must insulate the County from risk or exposure and must be approved by the Board of Commissioners.

Method of Sale: The County shall determine the best method for each debt issue based on market conditions, issue specific conditions, cost and risks associated with alternative debt structures, credit ratings, general financial conditions and staff capability to administer. The County shall promote competition in issuing debt and shall design an official bid form that will be a part of each official notice of sale. In determining whether to use a competitive or negotiated sale process, the County shall refer to the Government Finance Officers Association publication on "Selecting and Managing the Method of Sale." Upon approval of the committee, the County may elect to issue debt through a private placement.

Short-term Debt and Interim Financing: The County may choose to enter into an agreement for short-term or interim debt financing when such decision is deemed to be advantageous to the County. Upon approval of the Board of Commissioners, the County may acquire lines or letters of credit or may issue Tax Anticipate Notes. Takeout financing should be planned and determined to be feasible prior to acquisition and issuance.

[Return to Table of Contents](#)

Debt Management Policy

Tax and Revenue Anticipation Notes may be issued upon approval by the Board of Commissioners to fund internal working capital needs. The amount of TANs will not exceed 75% of property taxes collected in the prior year and will be retired by December 31 of each calendar year. Cash flow projections should be prepared prior to issue. Tax Exempt Commercial Paper may be utilized as a source of financing only when such financing represents the least cost interim financing option, the project is of sufficient economic size and the issuance has been approved by the Board of Commissioners.

Refunding of Indebtedness: The County may issue advance or current refunding bonds when advantageous, legally permissible and prudent. For advance refunding bonds, net present value savings, expressed as a percentage of the par amount of the refunding bonds, shall equal or exceed 5%. For current refunding bonds, the net present value of savings shall equal or exceed \$100,000. When economically feasible, the County may choose to purchase its securities on the open market to reduce indebtedness. It shall be the responsibility of the Finance Director to establish a system of record keeping and reporting that complies with federal tax laws, to track investment earnings and to calculate rebate payments and remit rebatable earnings to the federal government.

(Adopted Nov. 2008, LCBOC)

[Return to Table of Contents](#)

Grants Management Policy

Purpose: Lowndes County recognizes that grant funding provides significant resources to enhance the County's ability to provide services and activities not otherwise available. The County will seek grant funding for activities that are determined to further core County functions or that provide for activities which are in the best interest of its citizens. The County will examine the benefits of grant funding prior to making any application or decline funding determined not to meet the above criteria.

The purpose of this policy is to provide guidelines and procedures related to the requirements for application and contracts and to ensure the appropriate departments and offices are accountable for proper grant documentation, administration and activities.

Applicability: This policy shall apply to all offices and departments and to all officials and their employees.

Definitions:

"Accruals" shall mean pending revenue for work completed or sales made in any one year, whether billed or unbilled, that is not received until a subsequent year;

"County Official" shall refer to any elected official and/or appointed department head;

"Indirect Costs" shall mean those costs associated with the administrative and general functions of the County government that support direct services of a grant or any other fund. Indirect costs may include such things as the cost of facilities, utilities, insurance, accounting and payroll, information technology services, infrastructure, etc.;

"State and Federal Grants" shall refer to grants with revenues received directly or indirectly from the state and federal governments.

Authorities: All grant contract shall be approved in accordance with the County policies and procedures related to contracts. Grant applications may be completed, signed and submitted by county officials following approval by the Board of Commissioners or County Manager.

[Return to Table of Contents](#)

Grants Management Policy

Grant Application: Completion of grant applications is the responsibility of the county official requesting the grant. Applications shall include all indirect costs when permitted. After submission and approval by the Board of Commissioners, applications may be signed by the requesting county official. Applications requiring the signature of the County's executive authority may be signed by the Chairman of the Board of Commissioners or by the County Manager.

Grant Contract/Requirement for Approval: Prior to acceptance of any funding or expenditure or any funds, a written contract shall be required. Approval of grant contracts shall be in accordance with the policies and procedures of Lowndes County related to contracts.

Grant Administration: County officials requesting grants are responsible for compliance with all aspects of the grant including monitoring to ensure that grant activities are properly accomplished, grant accounting and tracking, and ensuring that requests for reimbursement are accurate and submitted in a timely manner. All grant schedules must be adhered to.

Maintenance of Files and Public Disclosure: The original grant contract and any approved amendments shall be retained in the office of the County Clerk.

An official grant file shall be maintained by the requesting department or office and duplicates of all documents shall be forwarded to the Finance Department. The file shall contain a copy of the signed contract and all documents related to the grant including but not limited to application, amendments, activity reports, reimbursement requests, fiscal reports and any other correspondence. Destruction of grant files shall be in accordance with approved retention schedules. Public disclosure requests shall be referred to the County Clerk for coordination and release.

Grant Revenues: Revenue accounts shall be created and managed by the Finance Department. All grant revenues shall be deposited to the revenue account specific to the grant and appropriate grant year. In addition, any accruals shall be accounted for appropriately. The Finance Department shall create and maintain grant revenue account numbers that ensure proper identification of grants by year and provide for proper tracking.

[Return to Table of Contents](#)

Grants Management Policy

All grant revenues are required to be deposited into the County Intergovernmental Grants Fund unless they are accounted for elsewhere in a separate fund, for example, a capital project fund for a Community Development Block Grant. Corresponding expenditure accounts will appear in the same fund and shall be assigned specific account numbers to ensure proper accounting and tracking. Requesting county officials are responsible for ensuring that property account numbers are used for all grant transactions.

Grant Signature Authorization Form: Some grant applications may require the completion and submission of signature authorization forms. In order to obtain signatures, the requesting official shall deliver marked pages to the office of the County Clerk. Signature on authorization forms may be obtained without a public meeting.

Indirect Costs: All grant applications and contract shall include indirect costs to the maximum allowed in accordance with both the County's cost allocation plan and specific grant rules.

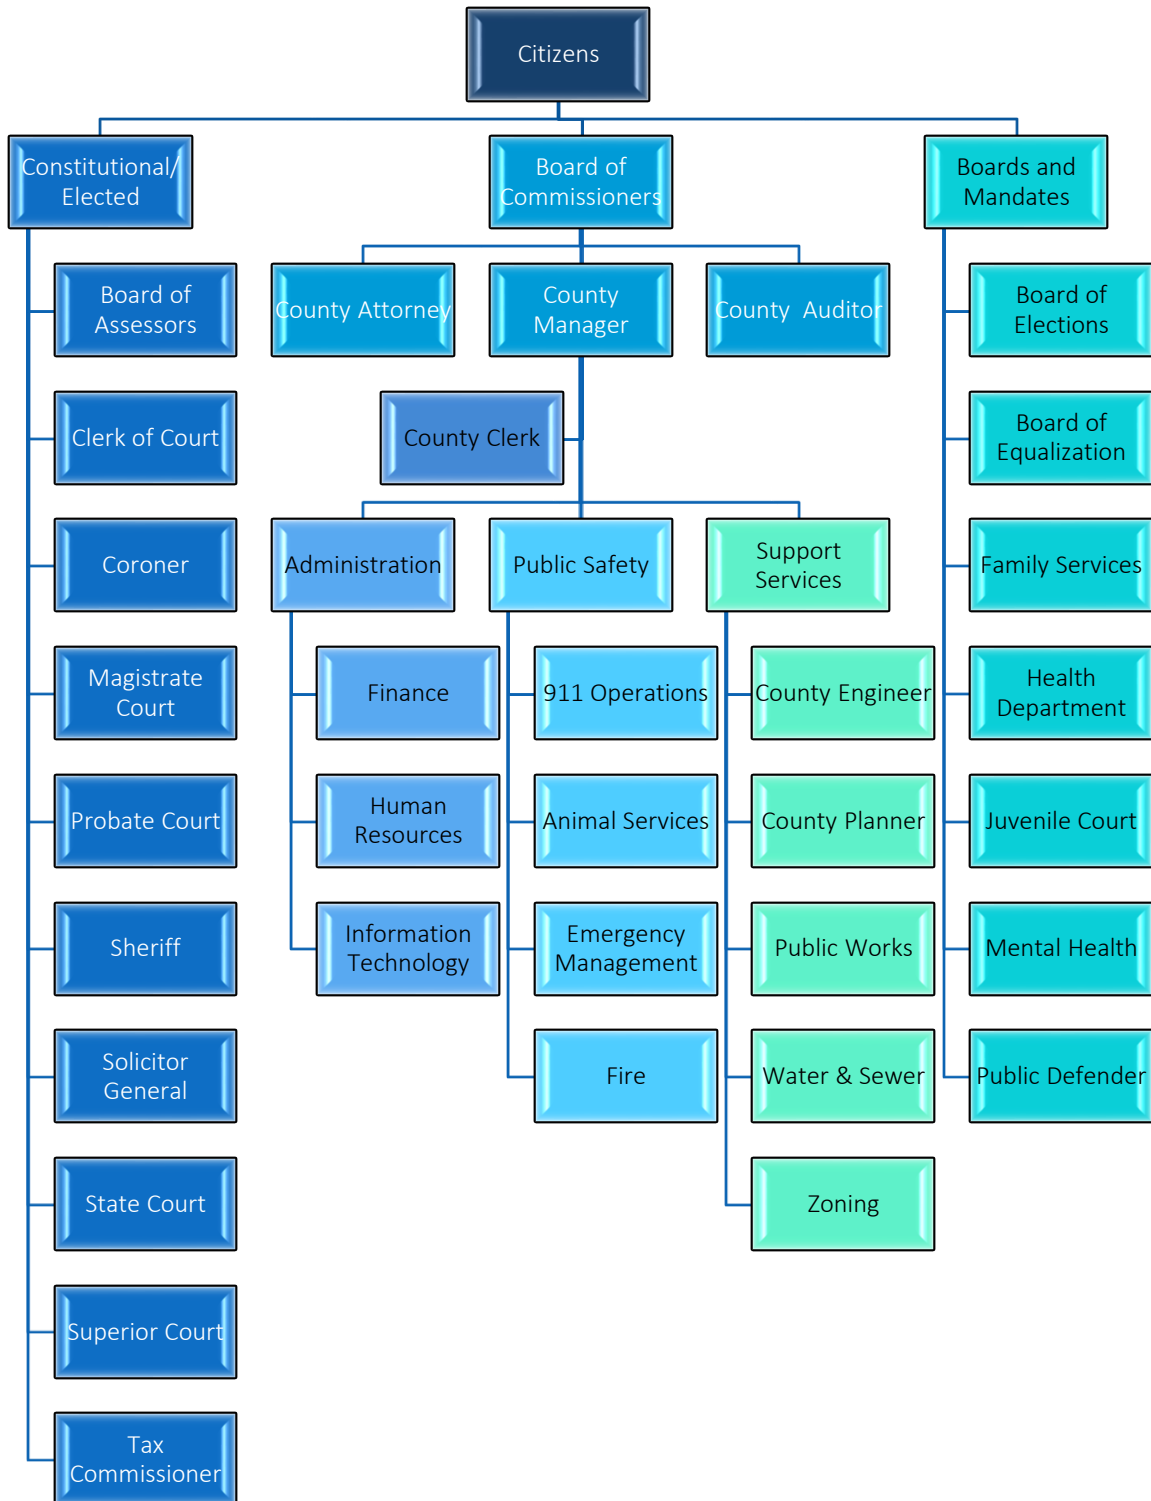

Funding Shortfalls: Where there is a failure to follow grant guidelines, requirements or timelines and the result is a decrease in funds or lack of reimbursements, the shortfall shall be the fiscal responsibility of the office, agency or department responsible for the grant.

Grant Funding of Personnel: Any additions to personnel or increases in salary provided under any grant shall be effective and authorized by the Board of Commissioners only for the life of the grant and shall be eliminated upon expiration of funding unless otherwise approved.

(Adopted Jul. 2016, LCBOC)

Personnel Summary

1. Board of Assessors: During fiscal year 2018, the Board of Assessors replaced two positions that were being vacated with a contract for the same services.
2. Fire: During the budget process, the determination was to move the Code Enforcement positions back into the Zoning budget where they were several years ago.
3. Magistrate Court: An On-Call Judge position was added for fiscal year 2018; however, the court elected to fill the position contractually.
4. Probation: During fiscal year 2018, a new in-house Probation department was started. The department was fully staffed for fiscal year 2019.
5. Probate Court: While a full-time employee was initially requested, a part-time Clerk was added in the final budget.
6. Public Works: During fiscal year 2018, grounds maintenance at County facilities was contracted out and those positions were eliminated.
7. Sheriff: The Sheriff elected not to fill the position of an Administrative Clerk who left during the fiscal year.
8. Solicitor General: A second Assistant Solicitor was funded through a grant.
9. State Court: The Court Reporter who had been classified as an employee in the fiscal year 2018 budget retired. That position is now contractual.
10. Water & Sewer: A new Utility Service Worker was added.
11. Zoning: The Code Enforcement positions from Fire were moved back to Zoning.

Revenue Charts

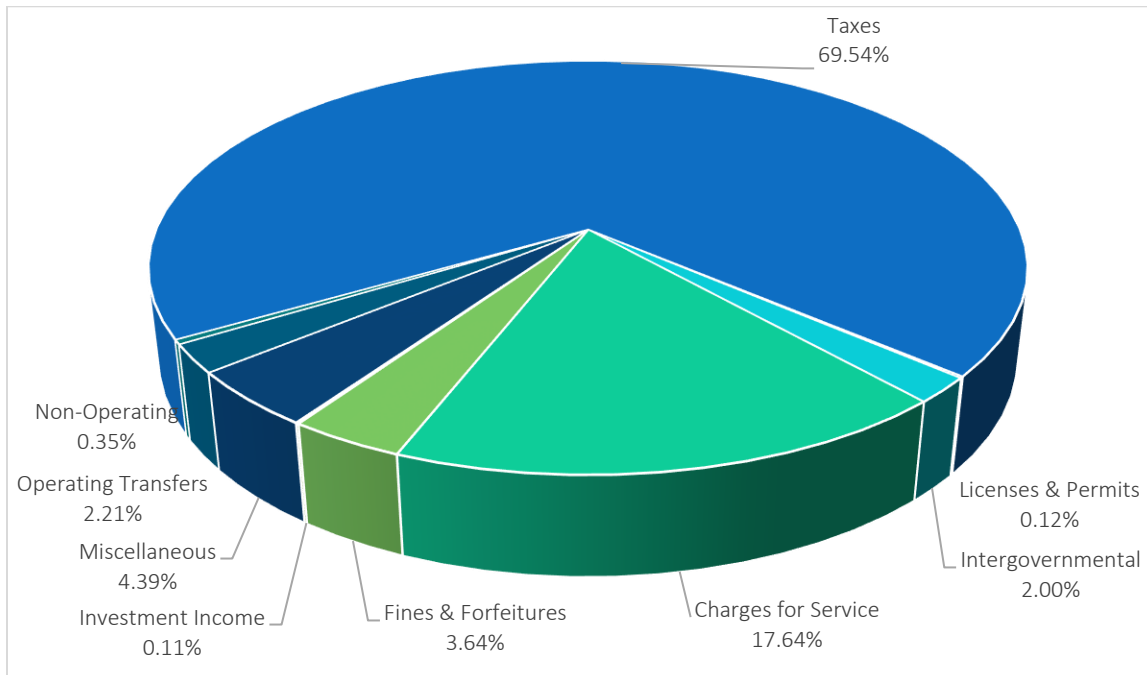

FIGURE 8 - ALL FUNDS - REVENUES BY TYPE

FIGURE 9 - ALL FUNDS REVENUE HISTORY

[Return to Table of Contents](#)

Revenue Sources and Assumptions

Taxes:

Property Tax ([OCGA § 48-5](#)): For many years, the Board of Commissioners could rely on a growth factor of 3.0% to 3.5% in property taxes. Since 2011, tax revenue projections have been relatively flat. The economic slowdown, the freeze on property values for a period of time and the vehicle tax reforms have all contributed to this trend. Further impacting the budget, the Title Ad Valorem Tax (TAVT) eliminated sales tax on vehicles. During 2015, the Board of Assessors contracted for a large partial revaluation of properties. There were several delays during the process and the tax bills were late that year. Also, due to the large increases, appeals were much higher than normal, further impacting the budget.

FIGURE 10 - COUNTY-WIDE DIGEST HISTORY

Looking at trends since 2011, the incorporated digest has only grown 0.86% while the unincorporated digest has grown 14.08%. However, from 2017 to 2018, the incorporated digest decreased by (2.37%) while the unincorporated digest grew by 5.79%.

Typically, the Lowndes County Tax Commissioner’s Office sees a collection rate of 95% in the first year of levy. In subsequent years, the collections average 98-99%.

[Return to Table of Contents](#)

Revenue Sources and Assumptions

Taxes:

FIGURE 11 - NET DIGEST HISTORY

Local Option Sales Tax (LOST) ([OCGA § 48-8](#)): This 1% tax on retail sales, which is restricted for property tax relief, is collected by the Georgia Department of Revenue and remitted monthly to each government. Lowndes County holds approximately one year of the tax in reserves and recognizes it as revenue in the following year. Every ten years, local governments are charged with negotiating the allocation of the tax; however, following several adjustments to the statute by the General Assembly, there have been challenges to the constitutionality of the act. As a result, the last negotiated allocation remains in effect.

The tax is budgeted based on historical trends. The economic slowdown had some effect as well as the elimination of sales tax on vehicle sales under the TAVT. While the state has reported increased sales tax collections, the local collections have only recently started to improve. Increase in online sales appears to be a large factor.

[Return to Table of Contents](#)

Revenue Sources and Assumptions

Taxes:

FIGURE 12 – LOCAL OPTION SALES TAX HISTORY

Special Purpose Local Option Sales Tax (SPLOST) ([OCGA § 48-8](#)): This 1% tax on retail sales is collected by the Georgia Department of Revenue and remitted monthly to Lowndes County who then disburses the funds to each municipality based on the referendum. Like the LOST, SPLOST is budgeted based on historical trends and is impacted by the same factors.

Transportation Special Purpose Local Option Sales Tax (TSPLOST) ([OCGA § 48-8](#)): This additional 1% tax that will be used for transportation infrastructure was voted on and passed after the budget adoption. The collection of this tax will begin on October 1st, bringing the sales tax rate in Lowndes County to 8%.

FIGURE 13 – SPECIAL PURPOSE LOCAL OPTION SALES TAX HISTORY

Alcoholic Beverage Excise Tax ([OCGA § 3-4, 3-5, 3-6](#)): This tax is on the sale of alcoholic beverages in unincorporated Lowndes County. While there was a slight decline beginning in 2010, the tax is relatively stable. Prior to 2008, this tax was accounted for in the General Fund but was moved to the Special Services Fund which accounts for unincorporated-only revenues and expenditures.

[Return to Table of Contents](#)

Revenue Sources and Assumptions

FIGURE 14 – ALCOHOLIC BEVERAGE EXCISE TAX HISTORY

Occupation Tax ([OCGA § 48-13](#)): This tax, commonly referred to as a business license, is actually a tax on the registration of businesses in unincorporated Lowndes County. The amount is determined by using profitability ratios and gross receipts and is valid from June 1 through May 31. While there are fluctuations from year to year, this revenue is traditionally steady. Occupation taxes are budgeted based on historical data and is accounted for in the Special Services Fund.

Franchise Tax ([OCGA § 36-18](#)): This tax is imposed on cable providers operating in unincorporated Lowndes County. Revenues are budgeted based on the current providers and historical collections. Lowndes County currently has one franchised provider. Providers may also be franchised with the State rather than locally.

Insurance Premium Tax ([OCGA § 33-8](#)): This tax is based on the gross direct premium of homeowners' insurance sold. The budget is based on historical collections. As the community grows, so does the tax. While the tax used to be used to reduce property tax for the unincorporated area, it is now used to provide services such as fire protection.

Revenue Sources and Assumptions

FIGURE 17 – INSURANCE PREMIUM TAX HISTORY

Accommodation Excise Tax ([OCGA § 48-13](#)): This tax, commonly referred to as the hotel/motel or bed tax, is a tax on provision of lodgings accommodations. Prior to fiscal year 2008, Lowndes County collected 100% of this tax. However, the cities of Valdosta and Hahira began collecting for hotels located within their city limits in 2008 and 2009 respectively. In 2016, the County increased the rate for the tax from 5% to 7%. 42.86% of proceeds are used to fund tourism promotion, 14.29% is used to fund tourism product development and the remaining proceeds are transferred to the Special Services Fund.

Licenses & Permits:

Alcoholic Beverage: Lowndes County requires that businesses engaging in the sale of alcoholic beverages in the unincorporated area purchase a license to do so annually. The local license is required for a business to obtain the required state license. The budget for this item is based on current active businesses and the fee structure currently in effect. There is generally very little fluctuation in this fee. Alcoholic beverage licenses are accounted for in the Special Services Fund.

[Return to Table of Contents](#)

Revenue Sources and Assumptions

Intergovernmental:

Other Government – ADR: Per an agreement with the Superior Court, Lowndes County processes the payroll for Alternative Dispute Resolution (ADR). This line item represents the reimbursement of personnel costs.

Public Safety Radio System: The Public Safety Radio System is the County’s 800 MHz radio system for public safety and support services. Users of the system pay a share of the operational costs based on the number and types of units they utilize. The budget for each line is based on the pro rata share of budgeted expenditures.

Victim/Witness: The Victim/Witness fund serves victims of crime using add-on fines from the courts to fund those services. This represents monies received from other municipalities from their court services. This line decreased over the last several years. The municipalities indicated it had to do with caseloads.

FIGURE 20 – VICTIM/WITNESS (INTERGOVERNMENTAL) HISTORY

[Return to Table of Contents](#)

Revenue Sources and Assumptions

Charges for Service:

Prisoner Housing: The Lowndes County Jail houses inmates from Lowndes County as well as surrounding areas. Each government contracts with the Sheriff for a jail rate. Budgets are based on historical collections, current rates and population estimates. In recent years, collection rates declined because cities began turning over prisoners faster. Beginning July 1, 2017, the Sheriff increased jail rates to better reflect the cost of housing inmates.

FIGURE 21 – PRISONER HOUSING HISTORY

Board of Elections: The Board of Elections primarily collects fees for reimbursement of election costs from municipalities and school systems and from qualifying fees. This varies annually depending on the types of elections scheduled.

Court Fees: The Clerk of Court, Magistrate Court and Probate Court all charge fees for various filings in their offices. Each line is budgeted based on historical trends and any upcoming changes. As with fines, court fees are showing a decline in recent years as well.

[Return to Table of Contents](#)

Revenue Sources and Assumptions

FIGURE 22 – COURT FEES HISTORY

Animal Shelter Fees: The Lowndes County Animal Shelter charges fees for reclamations and adoptions which are designed to cover costs of treatment and care of animals housed in the shelter. In budgeting for this lime, historical trends, population and changes in rates are considered. Increased activities from rescues and events to clear the shelter have reduced the pets available from the shelter.

LCSO – Jail Inmate, Bond Fees, Investigations, Sheriff Fees, Credit Card Fees, Fingerprint Fees, Vehicle Usage Fees, Other: The Lowndes County Sheriff’s Office charges a number of fees for various services and remits them to the County monthly. Fees from the Sheriff’s Office are budgeted based on historical data.

Culvert Fees: Lowndes County Public Works install culverts for citizens in the unincorporated area of the County at cost. Fees are reflective of the cost incurred by the County in installing the culvert and passed on to the citizen. However, the number of requests vary from year to year and the budget is based on an average.

[Return to Table of Contents](#)

Revenue Sources and Assumptions

FIGURE 23 – ANIMAL SHELTER FEE HISTORY

FIGURE 24 – SHERIFF FEE HISTORY

[Return to Table of Contents](#)

Revenue Sources and Assumptions

Commissary Fees: Commissary Fees are collected from inmates for the purchase of personal items from the Lowndes County Jail Commissary. These revenues are maintained in the Commissary Fund and must be used for inmate benefits. Commissary fees are budgeted based on historical trends and adjusted for changes in the contract and jail population.

FIGURE 25 – COMMISSARY FEE HISTORY

911 Surcharges: Providers of telephone services, both landline and wireless, impose a surcharge for 911 services in Lowndes County. The current surcharge is \$1.50 per line per month. The 911 Center is a county-wide service so all surcharges are remitted to Lowndes County. In recent years, there has been a decline in landline fees as more people are moving to wireless or VOIP.

Zoning Fees: The Lowndes County Unified Development Code (ULDC) defines land use in unincorporated Lowndes County. From time to time, property owners may request to have their property rezoned. After meeting with the Technical Review Committee (TRC) and appearing before the Greater Lowndes Planning Commission (GLPC), these cases are brought before the Board of Commissioners for a final approval. Prior to 2007, Zoning was a joint department with the City of Valdosta.

[Return to Table of Contents](#)

Revenue Sources and Assumptions

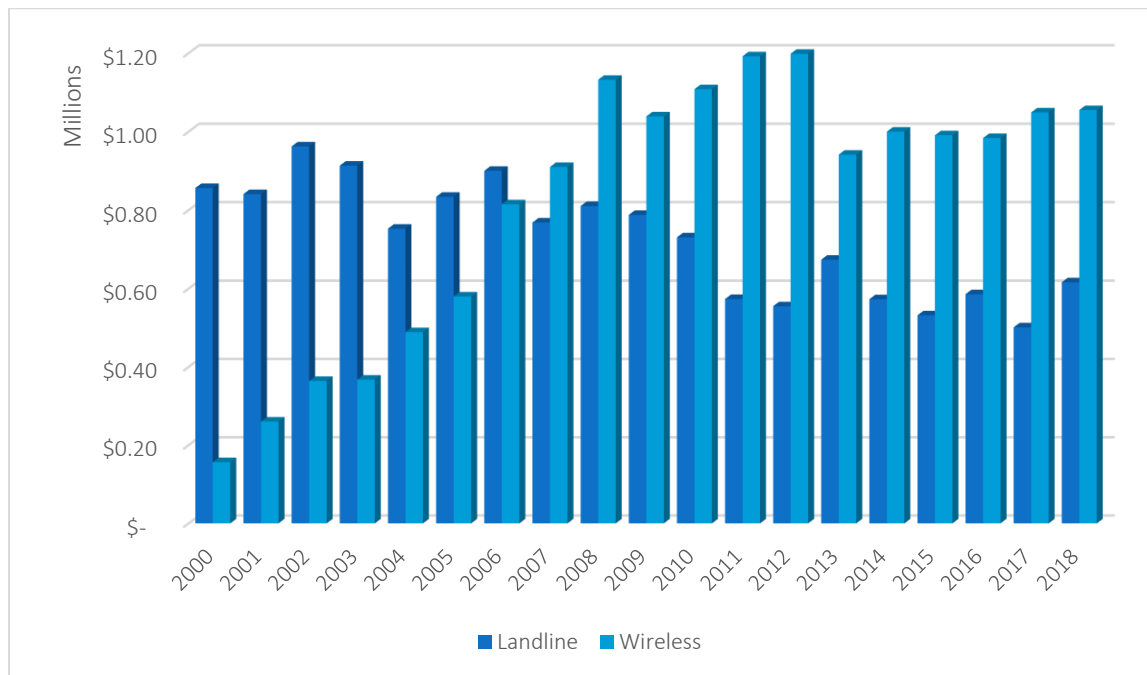

FIGURE 26 – 911 SURCHARGE HISTORY

Water & Sewer Usage Fees: Water and sewer customers are charged a monthly rate for use of Lowndes County utilities based on their consumption. The County has an automatic one percent rate increase effective each July. The rate structure and anticipated customer base determine the annual budget. With the increase in customers in recent years, the revenues have seen a steady increase.

Motor Service Fees: The County Maintenance Shop provides fuel and maintenance for all County vehicles and equipment as well as some municipalities and authorities. Those outside entities are billed monthly for their utilization and a nominal overhead charge. The budget for this line is based on historical usage and anticipated changes in the shop rates.

Rent: Lowndes County collects two types of rent – Rent from other agencies for use of County facilities and Rent from departments for the Equipment Maintenance Fund and the Technology Fleet Fund for use of equipment. The County negotiates agreements with outside agencies for space in buildings as well as on tower sites and those agreements become part of the budget. The Equipment Maintenance Fund and Technology Fleet Fund budgets are determined based on current inventories and average cost to operate.

Fines & Forfeitures:

Fines & Forfeitures: Lowndes County receives monies from fines from various courts. Although a majority of these fines are recognized in the General Fund, additional add-on fines are allocated for Drug Abuse Treatment, Jail Operations and Victim/Witness. Fines are budgeted based on historical trends. There was a significant decline in the mid-2000s but recent collections have shown some improvement. Forfeitures are accounted for in the Drug Seizure Fund which is maintained by the Sheriff’s Office.

FIGURE 29 – FINES – GENERAL FUND HISTORY

Other:

Surplus Sales: From time to time, the County may have assets to declare surplus and dispose of. Budgeting for this line depends on the current inventory and condition and planned replacements. The County utilizes an online auction site for disposal of most items. In recent years, the County has sold some buildings and large pieces of equipment.

Fund Balance/Fund Equity History

1. Accommodation Excise Tax – This reflects the payout of the fund balance through payout of the hotel/motel tax proceeds as required by statute.
2. Drug Abuse Treatment – This fund had been building fund balance in an effort to repay funds from the General Fund that were used to cover a deficit several years ago. However, with use of the funds to pay matches for the Accountability Court and the DUI Accountability Court, that build-up has been reduced.
3. Emergency Communications – This reflects the elimination of fund balance resulting from items carrying over through multiple years.
4. SPLOST VI – This reflects the anticipated completion of capital projects.
5. SPLOST VII – This reflects the anticipated completion of capital projects.
6. Public Roads – LMIG – This reflects the anticipated completion of capital projects.
7. Landfill – This fund continues to build equity as post-closure requirements are met.
8. Tax Lighting Districts – The Board has adjusted rates so the deficit should decrease and be eliminated in the next couple of years.
9. Health Insurance – While the wellness program has helped, the County periodically experiences high claim years.
10. Workers Compensation – This fund continues to grow. ACCG recommended rates are adjusted annually as the County's experience rate is much lower.
11. Technology Fleet Fund – This reflects anticipated projects being completed.

Debt Service

As of December 1, 2003, the County issued bonds through the Central Valdosta Development Authority for the purchase of the Judicial Complex. During FY 2013, the bond held by the CVDA were refunded and new bonds were issued through the Lowndes County Public Facilities Authority. The County entered into an agreement with the Lowndes County Public Facilities Authority for the purchase of the Judicial Complex and the payment of the bonds.

The County entered into a capital lease with De Lage Landen Public Finance LLC to acquire equipment for the Water and Sewer Fund. The lease is for \$650,000 with an interest rate of 3.19% and will be paid in monthly installments from the Water and Sewer Fund in amounts of \$18,957 per month for three years. The lease matures in June of 2018.

Various capital leases have been entered into for the acquisition of equipment. The assets acquired through capital leases for governmental and business-type activities are as follows:

	Governmental	Business-Type
Equipment	\$6,164,773	\$650,000
Less: Accumulated Depreciation	(5,221,995)	(130,000)
Total	\$942,778	\$520,000

The FY 2017 amortization expense of \$171,881 for governmental funds and \$650,000 for business-type funds was included in the depreciation expense.

As of December 2008, the County entered into an intergovernmental agreement with the Valdosta-Lowndes County Development Authority to secure bonds issued by the Authority for \$15,000,000 to finance acquisition and development of industrial sites. The bonds have a variable fixed interest rate. The bonds mature March 1, 2024. The balance as of June 30, 2017 was \$8,910,000.

Debt Service

The following is a summary of long-term debt transactions of the County for the year ended June 30, 2017:

	Balance 7/1/16	Additions	Reductions	Balance 6/30/17	Amount Due in One Year
Governmental Activities:					
Capital Lease – General Fund	-	735,450	147,090	588,360	147,090
Capital Lease – Equipment Fund	20,500	-	16,400	4,100	4,100
Total Capital Leases	20,500	735,450	870,000	592,460	151,190
Bonds – Public Facility Auth.	7,495,000	-	870,000	6,625,000	895,000
Unamortized Bond Premium	313,529	-	54,420	259,109	50,479
Total Bond Payable	7,808,529	-	924,420	6,884,109	945,479
Total Governmental Activities	7,829,029	735,450	1,087,910	7,476,569	1,096,669
Business-Type Activities:					
Revenue Bonds (2016)	7,220,000	-	735,000	6,485,000	750,000
Capital Lease	440,198	-	216,593	223,605	223,605
GEFA Note Payable	1,285,219	-	231,697	1,053,522	254,754
Unamortized Bond Premium	191,869	-	32,666	159,203	30,091
Total Business-Type Activities	9,137,286	-	1,215,956	7,291,330	1,258,450

Governmental activities debt is paid for by direct appropriation of funds for the Lowndes County Public Facilities Authority lease in the general fund and by allocation of rental payments for capital assets from application general fund departments.

The original issue date, interest rate and original issue amount for the County's long-term obligations are as follows:

Purpose	Original Issue Date	Interest Rate	Original Issue Amount	Maturity	Annual Install.	
Governmental:						
Capital Lease	Equipment	2017	3.95%	2,048,000	2017	Variable
Bonds	Judicial Complex	2012	Fixed	9,265,000	2024	Variable
Capital Lease	Equipment	2017	0.00%	735,450	2021	Fixed
Business-Type:						
Revenue Bonds	WS Improvements	2006	Fixed	12,500,000	2017	Variable
Revenue Bonds	WS Improvements	2013	Fixed	7,545,000	2025	Variable
GEFA Note Payable	WS Improvements	2014	0.82%	1,710,000	2022	Variable
Capital Lease	WS Improvements	2016	3.19%	650,000	2018	Fixed

[Return to Table of Contents](#)

Debt Service

Fixed interest rates on the Judicial Complex Building Bonds range from 2.00% in 2013 to 3.00% in 2024. Annual principal installments range from \$850,000 in 2016 to \$1,020,000 in 2024.

The County obtained a capital lease for computer equipment in the amount of \$735,450 in August 2016. Annual payments of \$147,090 are paid at 0% interest and the lease matures in August 2020.

Fixed interest rates on the Water & Sewer revenue bonds range from 2.00% in 2013 to 3.00% in 2022. Annual principal installments range from \$715,000 in 2013 to \$880,000 in 2025.

The Water & Sewer Fund has a capital lease obtained for \$650,000 in June 2015 for equipment that is paid in monthly installments of \$18,957 at an interest rate of 3.19% and mature in June 2018.

On November 17, 2014, the County obtained loan number 2014L12WQ from the Georgia Environmental Finance Authority (GEFA) in the amount of \$1,285,219 for upgrades to the Alapaha Wastewater Treatment Plant. The loan bears an interest rate of 0.82% and will be amortized with monthly payments of \$21,870 and will mature in July 2021.

The following is a summary of the County's future annual debt service requirements on long-term obligations:

Year Ending 6/30	Governmental Activities			
	Bonds		Capital Lease	
	Principal	Interest	Principal	Interest
2018	935,479	162,200	151,190	41
2019	951,628	144,500	147,090	-
2020	967,385	126,400	147,090	-
2021	978,365	107,900	147,090	-
2022	994,194	89,100	-	-
2023 – 2024	994,194	90,900	-	-
Total	6,884,109	721,000	592,460	41

[Return to Table of Contents](#)

Debt Service

Year Ending 6/30	Revenue Bonds		Business-Type Activities Capital Lease		GEFA Loan	
	Principal	Interest	Principal	Interest	Principal	Interest
2018	780,091	153,853	223,605	3,882	254,754	7,653
2019	792,549	136,786	-	-	256,851	5,586
2020	804,958	119,372	-	-	258,965	3,472
2021	817,371	101,640	-	-	261,097	1,340
2022	834,645	84,415	-	-	21,855	15
2023 – 2025	2,614,589	112,450	-	-	-	-
Total	6,644,203	708,516	223,605	3,882	1,053,522	18,066

Following is a calculation of the County's legal debt limits:

Capital Leases	
Assessed Value	3,075,300,115
Legal Debt Limit (1%)	30,753,001
Balance at June 30, 2017	592,460
Debt Margin	30,160,541
Capital Lease Debt Service	
General Fund Budget	55,698,918
Legal Debt Service Limit (10%)	5,569,892
Debt Service for 2019	151,231
Debt Margin	5,418,661

The amount of debt hold by the County is very low. Additionally, the interest rates on that debt is very low. The capital leases for equipment, paid by the Equipment Maintenance Fund, was paid off in 2018. The capital lease for the Judicial/Administrative Complex was recently refunded and accounts for less than 2% of the general fund expenditures. The County committed many years ago to build an administrative building that consolidated the County's services. The debt service was built into the budget at the time the capital leases were done. The Water & Sewer debt also was refunded and is covered by the cash flows of that fund.

[Return to Table of Contents](#)

Capital Improvements

The FY 2019 budget includes \$25,210,350 in capital improvements. While the majority of this is included in the various capital project funds, individual departmental budgets also include capital expenditures. There are currently two active SPLOST Funds. The funds still unexpended in SPLOST VI are for recreation projects that are in process. SPLOST VII includes the funds remitted to the County by the Georgia Department of Revenue. A portion of those funds are due to the various cities and are transferred out monthly. For purposes of budgeting, we assume that all available funds will be spent in the current year.

The Capital Projects Fund which was for the Judicial/Administration Construction and Jail Construction has been closed out. The most recent CDBG grant for construction of a new Children's Advocacy Center building was completed during FY 2018. There are no current CDBG grants. An additional capital project fund exists for LMIG funds received; however, there is not budget for this fund as it is an annual grant. As noted earlier, following adoption of the County budget, a regional TSPLOST was voted on and approved. Collections will begin October 1, 2018.

In the General Fund, there has been significant investment in new software over the past several years. The final portion of that is included in the FY 2019 budget. The new software will provide an integrated solution for the court system, the Sheriff and 911. The Technology Fleet Fund addresses the customary replacement of computer and telephone equipment; however, those costs do not meet the threshold for capital.

The only major area of concern for capital currently is vehicles and heavy equipment. While there were a number of requests made during the budget, none were included. The County Manger and staff are working on an analysis of the current fleet to determine what the overall needs of the County are. They asked the Commissioners for six months to provide a plan for replacing vehicles and heavy equipment and disposing of those no longer useful. In addition to using some of the fund equity in the Equipment Maintenance Fund, we are looking at fleet programs and leasing options.

[Return to Table of Contents](#)

Capital Improvements

Capital Improvements	
General Fund	
County Clerk County-wide Website \$28,350	
	During FY 2015, the Board of Commissioners approved a new website for the County. The new site allowed staff to make updates, provided access to services citizens traditionally had to come in for and allows citizens to be notified of upcoming events and important information. Prior to having the ability to notify citizens, the County utilized a newsletter that cost approximately \$30,000 per issue. Additionally, the functionality saves approximately \$5,000 annually in efficiencies. The FY 2019 capital investment includes annual maintenance of the site as well as navigational improvements, bringing the Sheriff's Office website into the county-wide website and creation of an intranet for HR services. These updates will save an additional \$10,000 annually between hosting fees and efficiencies.
ITS Projects Sheriff and 911 Software Package (completion of project) \$1,250,000	
	This is the final phase of a massive software upgrade that will integrate the court system with the Sheriff's Office and 911. The systems used by the courts and Sheriff's Office in prior years was not fully integrated, resulting in duplication of work and opportunities for miscoding. The new system will allow for following of a case from the originally 911 call through disposition. Savings expected from the improved work flow should be \$75,000 annually based on the duplication of data entry.
ITS Computer Equipment \$200,000	
	This is an annual replacement of equipment and should have no significant impact on operating costs.
Facilities Maintenance Roll-Up Door Replacement – Public Works \$10,000	
	The roll-up door at the Public Works facility are approximately 40 years old and in need of replacement. Parts for repair are difficult to find and repairs cost approximately \$2,000 per year.

[Return to Table of Contents](#)

Capital Improvements

Capital Improvements	
General Fund	
Facilities Maintenance Elevator Replacement – Human Resource Building \$83,000	
	This is a routine replacement of one of the elevators in the Human Resource Building. The replacement should save approximately \$10,000 annually in replacement costs and down-time.
Special Services Fund	
Fire/Rescue Extrication Tools \$55,000	
	This is a routine replacement of tools. Equipment and tools for fire-fighting and rescue operations must be kept up to date to ensure personnel and citizen safety.
Fire/Rescue Gear Washer and Dryer \$19,000	
	The Fire Department spends approximately \$3,500 to \$5,000 annually having gear cleaned contractually. The FY 2019 budget includes a washer and dryer for specialty gear cleaning that will reduce or eliminate the cost as well as reduce the downtime for items to be shipped to the contractor and returned.
Water & Sewer Fund	
Water & Sewer – Operations ATV for LAS \$8,000	
	This ATV will be used at the LAS to drive through the hay field for collection of samples, monitoring and repairs. Currently, full-sized vehicles are utilized. The ATV will make it easier to reach some areas and will eliminate the need for a full-sized vehicle at the LAS. This will save approximately \$5,000 annually.
Water & Sewer – Operations Shelter and Concrete for Mini Excavator \$15,000	
	This item will provide parking and shelter for a mini excavator and other large pieces of equipment. The shelter will keep this equipment out of the weather which should save approximately \$2,500 annually in maintenance costs.

[Return to Table of Contents](#)

Capital Improvements

Capital Improvements	
Water & Sewer Fund	
Water & Sewer – Operations Enlarge Mill Store Storage Area \$10,000	
	This capital item consists of enclosing the existing storage for large equipment and expanding the storage area. There is no significant impact on operating costs. The storage will allow staff to have more items on-hand and reduce repair times.
Water & Sewer – Operations GPS Equipment \$12,000	
	This item will be used by meter reading personnel to record GPS coordinates for all meters for better inventory control and to assist in mapping new construction. There is no significant impact on operating costs.

The majority of capital expenditures outside of infrastructure (SPLOST, LMIG) is related to routine replacement of items, most of which have no significant impact on operating costs. A summary by fund follows:

Fund	Approved Amount	Impact on Operating Costs
General Fund	\$1,571,350	\$97,000
Special Services Fund	\$74,000	\$5,000
Water & Sewer Fund	\$36,000	\$7,500

In addition to these items, the County also has expenditures related to infrastructure. Current projects include the following:

Project	Funding Source	Remaining Cost
Parks and Recreation Facilities	SPLOST VI	\$2,484,323
Road, Street & Bridge Projects	SPLOST VII	\$6,752,144
Road Equipment	SPLOST VII	\$835,664
Water & Sewer Improvements	SPLOST VII	\$8,350,285
Law Enforcement Vehicles	SPLOST VII	\$218,681
Firefighting Equipment	SPLOST VII	\$1,081,509
911 Center Improvements	SPLOST VII	\$186,183

[Return to Table of Contents](#)

Capital Improvements

Project	Funding Source	Remaining Cost
Public Safety Radio System Upgrade	SPLOST VI	\$2,305,460
Parks and Recreation Facilities	SPLOST VII	\$2,587,010
Animal Shelter Improvements	SPLOST VII	\$786,426
Historic Courthouse Improvements	SPLOST VII	\$1,972,468
Airport Improvements	SPLOST VII	\$11,466

The County currently has approximately 337 pieces of equipment classified as vehicles and 108 classified as heavy equipment. The average age of equipment is 11.3 years with the oldest being 44 years. The average number of miles on a piece of equipment is 108,000 with the highest being 462,203. As stated earlier, staff is analyzing the current fleet and determining what needs to be disposed of and replaced and the best way to do so. A preliminary capital improvement projection is presented below:

Costs	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023	FY 2024
Ambulance (for EMS)	155,000	155,000	155,000	155,000	155,000	155,000

Board of Commissioners

The office of the Board of Commissioners is the legislative branch of the County government. The Board develops policy, hears requests from the public and other agencies, and is responsible for the general goals and directions of the County.

Each year, at its annual planning meeting, the Board of Commissioners set goals for the next twelve to eighteen months for the County. Several years ago, the Board adopted a “Back to Basics” philosophy which reflected the primary goals over the past several years. As seen earlier in the discussion, the Board has expanded its goals, both long-term and short-term, based on their current priorities.

County Clerk

The office of the County Clerk is responsible for meeting legislatively required standards related to open meetings and open records laws. In addition, staff prepares meeting materials, maintains records in accordance with record retention policies set forth by the Secretary of State and responds to media/public requests for information.

Challenges:

- As discussed in prior years, the number of open records requests continues to increase annually. Additionally, the expectation of services from citizens, such as providing responses electronically, has increased. With the many officials, offices and agencies that comprise the County government, it is difficult to develop a standardized format for responses.

Board of Elections

The Board of Elections is responsible for voter registration, maintenance of voter rolls, holding of County, State and Federal elections, petition verification, establishing and maintaining all precinct lines and oversight of district maps. This division accounts for the administrative staffing and operations, election equipment and the costs associated with holding elections.

Accomplishments:

- All staff are state certified, allowing them to deploy in event of emergency
- 100% compliance for all elected officials, groups and candidates for state ethics requirements
- Development of an online testing program for poll workers, eliminating staff hours for in-house testing

Challenges:

- Reductions in documents provided by the State resulting in increased costs for supplies and printing
- Difficulty finding a qualified number of poll workers to cover elections
- Age of election equipment resulting in periodic failures

Finance

The Finance Department provides accounting, payments and collection services for all monies of the Board of Commissioners. The department handles all revenue and expenditure tracking, financial reporting, budgeting, licensing for occupational taxes, alcoholic beverages and fuel pumps and tracking of immigration forms.

Accomplishments:

- GFOA's Certificate of Achievement for Excellence in Financial Reporting – 11 consecutive years
- GFOA's Distinguished Budget Presentation Award – 12 consecutive years

Challenges:

- Staff continues to work with the County Attorney's office to update ordinance which have not been updated in several years
- Staff is working with Code Enforcement to reduce the number of delinquent business
- Staff continues to work through the Budget Committee to develop a performance measure program for all departments and elected officials

County Engineer

The office of the County Engineer provides for the well-being and safety of our citizens by meeting or exceeding nationally accepted technical standards and professional ethics in planning, surveying, engineering design and technical analysis inspection, technical review of private land development and citizen assistance in engineering matters. By excelling in these areas, we can assure quality growth of our community as we are applying the highest professional and ethical standards in the management of our infrastructure.

Challenges:

- Increases in plans have prompted the joint inspections staff to look to a paperless plan review system that will have to be implemented in the coming year
- Roads that currently need resurfacing and restriping exceed available funds for these projects
- GA EPD is requesting that the County provide a street sweeper for subdivisions. While the County does not have a sweeper, Public Works staff are completing the work manually with blowers.

Magistrate Court

The Magistrate Court meets all of the federal and state requirements for issuing arrest and search warrants. The Court is required to hold timely first appearance hearings and bond hearings for all persons that have incarcerated in the Lowndes County Jail. The Court also provides the most efficient means for citizens of Lowndes County to bring their disputes to a legal resolution.

Accomplishments:

- Hired two part-time judges to help cover warrant requests and first appearances over holidays and weekends
- Implementation of the new comprehensive court software package
- Implementation of a truancy court to reduce absenteeism in schools

Probation

For many years, this division consisted of the payment by Lowndes County for a portion of the operations of the state probation program. Once the County stopped paying for that program, the only expenditures were for the public safety radio system recurring costs for radios used by the probation program. Beginning in 2018, there are some expenditures for the initial costs of an in-house probation program for State Court. The program does not begin until July 1st so there are no available goals or performance measures.

Animal Services

The division of Animal Services operates a shelter for stray, abandoned and unwanted animals, investigates cruelty, abuse and dangerous animal cases and educates the public on animal ownership. The division operates an adoption and rescue center, finding new homes for animals at the shelter.

Accomplishments:

- 603 Cats adopted, rescued or reclaimed – 60% live outcome
- 1,388 Dogs adopted, rescued or reclaimed – 59% live outcome
- 51 Other animals adopted, rescued, reclaimed or rehabilitated

Challenges:

- Increased hold times and an increase in dangerous animal calls has created space issues within the shelter from time to time

Emergency Management

The division of Emergency Management implements all hazards emergency planning and preparedness programs that ensure Lowndes County and its citizens are ready to respond to and recover from disasters by coordinating efforts of local government officials, departments, volunteers and private sector partners.

Accomplishments:

- Conducted our first emergency preparedness event geared towards the community

Challenges:

- Connectivity during storms

Road Maintenance

Public Works – Road Maintenance consists of five divisions of responsibility:

- Grading – Responsible for costs associated with upkeep of unpaved roads
- Patching – Responsible for costs associated with repair of minor breaks in paved roadways
- Signs – Responsible for costs associated with street signs, traffic control and site location signage as well as decals and lettering for County vehicles and equipment
- Road Maintenance – Responsible for costs associated with culvert installations, drain pipe maintenance and installation and drainage.

Accomplishments:

- Located all fire hydrants in the County for the GIS program
- Created a preventative maintenance plan for paved roads and DOT inspected bridges

Challenges:

- Age of Fleet
- Impending retirement of long-term, experienced supervisors

Accommodation Excise Tax Fund

The Accommodation Excise Tax Fund accounts for the hotel/motel tax proceeds and related expenditures. Effective August 1, 2016, the rate increased from 5% to 7%. Under the new rate, 42.86% of proceeds fund the Tourism Authority, 14.29% fund the Conference Center and the remainder are transferred to the Special Services Fund where they are used to partially fund the Airport Authority. Prior to 2008, the County collected all hotel/motel proceeds county-wide. The City of Valdosta and the City of Hahira now collect for hotels located within their city limits.

Jail Operations Fund – Sheriff

The Jail Operations Fund accounts for expenditures incurred in staffing, maintenance and operations of the Lowndes County Jail. The funding comes from add-on fines administered by the courts. As costs have increased, the fund balance has at times been nearly depleted but has been showing some improvements in recent years.

Drug Abuse Treatment Fund

The Drug Abuse Treatment Fund accounts for revenues and expenditures related to drug treatment and education. Traditionally, the County has used the funds for the Lowndes Drug Action Council (LODAC), an organization which provides information, education, intervention, prevention and treatment for adolescents with high-risk behaviors and adults. In recent years, the County has also created an Accountability Court and a DUI Accountability Court. Funds from the Drug Abuse Treatment Fund are also used to cover the match on those grants.

Emergency Communications Fund - 911 Operations

The 911 Operations Center provides citizens of Greater Lowndes County and Echols County with a timely and accurate communications link to emergency response services. The center provides all local government emergency response services in Lowndes and Echols counties with complete, accurate, timely and quality dispatch services. The center also manages and operates the Public Safety Radio System at near 100% reliability.

Accomplishments:

- Reduced the turnover rate from 26% to 8%
- Upgraded the Public Safety Radio System
- Successfully retained CALEA accreditation

Challenges:

- Increase in radio traffic for other agencies

Victim/Witness Fund

The Victim/Witness funds are allocated to the District Attorney and are to be used for victim services. The District Attorney allocates a portion of the funds to the Solicitor’s office as well. With the decrease in fine monies in recent years, both agencies took a cut in their budgets to avoid a deficit fund balance.

Special Services Fund – Fire/Rescue

Lowndes County Fire/Rescue serves to protect and enhance the safety and well-being of citizens throughout the County. The department is committed to creating a safer community through prevention education, preparedness and effective emergency response.

Accomplishments:

- Migrated data to a new software program which improves reporting and efficiency
- Replaced a large number of SCBAs which were beyond the end of life
- Transferred Code Enforcement back to Zoning

Challenges:

- Slower response at certain times due to lack of manpower and volunteer response

Tax Lighting District Fund – Tax Lighting Districts

The Tax Lighting District Fund accounts for special tax lighting districts within unincorporated Lowndes County. Tax lighting districts are typically subdivisions but may be individual streets. Most often they are created through covenants but may also be created through petition. Once they are approved by the Board of Commissioners, the County takes over payments to the electric providers and the property owners are assessed a fee on their tax bill each year. The fund had shown a deficit for several years while the County studied the rate structure; however, the rates have now been adjusted and the fund should be out of the deficit within the next two years.

Equipment Maintenance Fund – Shop Maintenance

Shop Maintenance accounts for the operation of the County equipment maintenance shop. The Shop provides maintenance for all County vehicles and equipment as well as for some outside agencies. Several years ago, the County also created a Fleet Manager Fund which “owned” all County vehicles and equipment and charged a rental fee to each department based on the average cost of operate. The Fleet Manager was merged into the Shop in FY 2016.

Accomplishments:

- Certified two EVT Mechanics

Challenges:

- Age of Fleet

Health Insurance Fund

The Health Insurance Fund accounts for the County’s self-insured health care plan. Included in the expenses of the fund are the costs for the wellness program. The County contributes a portion based on the number of full-time employees. Employees and retirees who participate also pay a portion. Prior to 2010, workers compensation was in the Health Insurance Fund.

FIGURE 135 – HEALTH INSURANCE FUND EXPENSE HISTORY

[Return to Table of Contents](#)

Fleet Manager Fund

The Fleet Manager Fund was created to manage all of the rolling stock for Lowndes County. The Fund owned the vehicles and each department paid a rental cost based on the average cost of maintaining the vehicle or equipment and any associated debt service. The concept was that over time the fund would build equity and be able to replace vehicles. In FY 2016, the fund was moved into the Equipment Maintenance Fund.

FIGURE 136 – FLEET MANAGER FUND EXPENSE HISTORY

[Return to Table of Contents](#)

Workers Compensation Fund

The Workers Compensation Fund manages the County’s workers compensation program. Typically, the County has lower experience rates than those recommended by ACCG so adjustments are made annually. Prior to 2010, workers compensation was in the Health Insurance Fund.

FIGURE 137 – WORKERS COMPENSATION FUND EXPENSE HISTORY

Technology Fleet Fund

Like the Equipment Fund, the Technology Fleet Fund charges a rental fee to departments for technology usage and management. The fund was created in 2017 to better manage technology, especially systematic replacement of equipment. The Fund is managed by the ITS department.

Millage History

FIGURE 139 - MILLAGE HISTORY

[Return to Table of Contents](#)

Five Year Projection

The following financial projections are used for planning and analysis purposes. Assumptions are based on historical trends and current economic conditions.

General Fund:

Tax Revenues: Following the direction of the Board, there are no assumptions of a millage increase included in this projection. Tax revenues are projected based on a rolling average of the past three years growth. On average, property taxes increases have been around 4.5% annually, but for the purposes of this model, 3.5% is used. Local option sales tax has been declining or flat in recent years but has shown signs of bouncing back in FY 2018. Based on this recovery, a very modest increase of 3.5% is used in the model.

Other Revenues: Year one projections are based very closely on pre-audit FY 2018 revenue collections with adjustments for known changes. Subsequent years are based on the historical trends and anticipated changes and very modest growth rates.

- Fine revenues had been declining for years but have taken a turn in the past six months, indicating that those may be back on track. Anticipated increases are still very conservative.
- With the adjustments to the jail housing rate, prisoner housing revenues are also improving.
- Other general fund revenues remain steady with slight increases from year to year.

Expenditures: Projected expenditures are based on plans and input from departments as well as historical trends and adjustments. The model does assume that some positions will be added over the next five years.

- **Personal Services:** At the end of FY 2010, a large number of positions were eliminated, most of which have not been added back. While the County has worked very hard to improve efficiencies, increases in population and demands will require that some of those positions are reinstated. The County also anticipates a merit increase annually although a COLA is necessary at times. Increases and retirement and health insurance claims have pushed the anticipated growth in this expenditure up even further.

[Return to Table of Contents](#)

Five Year Projection

- **Services & Contracts:** A major portion of this line is for utility costs. While the cost of utilities has increased slightly over time, the County works to eliminate any unnecessary costs and duplications. On average, utility costs grown at a very modest rate. Another major portion of this line is Appropriations. This is primarily outside agency funding and funding for the public safety radio system. While 2019 reflects some upgrades to the radio system, future years should decline through efficiencies. Outside agency funding should remain virtually flat.
- **Capital Outlay:** With the completion of major software projects in ITS, the majority of expenditures in this line will relate to facilities improvements. Public Works plans ahead for these upgrades and so capital should remain relatively flat.
- **Debt Service:** Debt service in the general fund is primarily related to the first phase of the Judicial Complex. This debt will be paid off in 2024. This is also a small amount of debt for ITS hardware that will be paid off in 2020. There are no current plans to incur further debt.
- **Operating Transfers:** The Emergency Communications Fund currently receives a subsidy from the General Fund to cover costs of the 911 Center. The amount of the transfer is anticipated to grow by approximately 3.5% annually based on historical needs of the fund.

The following table depicts the annual growth rates applied to each category of expenditures:

Expenditure Category	FY 2020	FY 2021	FY 2022	FY 2023
Personal Services	5.00%	5.00%	5.00%	5.00%
Utilities	1.00%	1.00%	1.00%	1.00%
Appropriations	1.00%	1.00%	1.00%	1.00%
Other Services & Contracts	1.00%	1.00%	1.00%	1.00%
Supplies & Materials	1.00%	1.00%	1.00%	1.00%
Capital Outlay	1.00%	1.00%	1.00%	1.00%
Debt Service	Varies depending on debt service schedule			
Transfers Out	3.50%	3.50%	3.50%	3.50%

[Return to Table of Contents](#)

Glossary of Terms

1,2,3...

4-H: A youth development program which focuses on teaching life skills. The four H's stand for Head, Heart, Hands and Health.

800MHz: The public safety radio system which allows Lowndes County emergency and support personnel and other surrounding emergency services to communicate directly.

Aa

Accrual Basis (of Accounting): A method of accounting where revenues are recorded when they are earned and expenditures are recorded when goods or services are received.

Ad Valorem Tax: A tax based on the value of property.

Amortization: The paying off of debt with a fixed schedule or the spreading out of capital expenses over a period of time.

Appropriation: An authorization made by the Board of Commissioners which permits officials and department heads to incur obligations against and to make expenditures of governmental resources.

Approved (Annual) Budget: The funds appropriated from the Board of Commissioners at the beginning of each fiscal period.

Approved Positions: The number of positions and titles of those positions authorized for a department or function.

Assessed Value: The value placed on property for tax purposes. The taxable value for property is 40% of the assessed value.

Assessment: The process of making the official valuation of property for tax purposes.

[Return to Table of Contents](#)

Glossary of Terms

Aa

[Assessment Cap](#): The level at which assessment values of property is fixed. The General Assembly placed a moratorium on increasing property values for three years, fixing them at the 2008 value.

[Audit](#): A comprehensive review of the manner in which the County's resources were actually utilized. The main purpose of an audit is to issue an opinion over the presentation of the financial statements and to test the controls over the safekeeping of assets while making any recommendations for improvement when necessary.

Bb

[BOC – Board of Commissioners](#): The elected, governing body of Lowndes County.

[Balanced Budget](#): Revenues and fund balance exceed expenditures.

[Bond](#): A written promise to pay a specified amount of money at a specified date or dates together with periodic interest at specified rates.

[Bond Counsel](#): Legal counsel that gives opinions of tax-exempt status and other matters regarding bond issues.

[Bond Rating](#): A system of appraising and rating the investment value of individual bond issues.

[BRAC](#): An acronym for the Base Closure and Realignment Commission.

[Budget](#): The financial plan for the operations of a department, program or project for the current year or for the duration of the project.

[Budget Adjustment](#): The transfer of funds within a budget by a department to reallocate resources. A budget adjustment cannot increase the total budget or transfer to or from personal services without approval of the Board of Commissioners.

[Return to Table of Contents](#)

Glossary of Terms

Bb

[Budget Adoption](#): The formal approval of the budget by the Board of Commissioners.

[Budget Amendment](#): The transfer of funds or increase/decrease of an appropriation, generally associated with unforeseen events that occur after the budget is adopted. An amendment requires the approval of the Board of Commissioners.

[Budget Calendar](#): The schedule of key dates or milestones which the County follows in the preparation, adoption and administration of a budget.

[Budget Committee](#): The team responsible for management of the budget process from year to year. The Budget Committee is made up of the County Manager, Finance Director and appointed staff.

[Budget Control](#): The control or management of governmental units or enterprises in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and revenues.

[Budget Document](#): The instrument prepared by the County staff and presented to the Board of Commissioners as a comprehensive financial program for consideration and adoption.

[Budget Package](#): The official budget worksheets and associated documents used to gather information from departments for input into the budget.

[Budget Resolution](#): The official enactment of the Board of Commissioners legally authorizing County officials to obligate and expend resources.

[Budget Transmittal Letter](#): The formal document presenting the budget to the Board of Commissioners and explaining relevant data behind the final document.

[Budget Year \(Cycle/Period\)](#): The fiscal year of the County, beginning July 1 and ending June 30.

[Return to Table of Contents](#)

Glossary of Terms

Bb

[Budgetary Control](#): The control or management of a governmental unit for purposes of operating within the approved budget.

Cc

[CAD – Computer Aided Dispatch](#): A system which facilitates the prompt dispatch of appropriate emergency services in response to calls for assistance.

[CAFR – Comprehensive Annual Financial Report](#): A report compiled annually which provides detailed information on an organization's financial status.

[CALEA](#): An acronym for the Commission on Accreditation for Law Enforcement Agencies.

[Capital Asset](#): See Fixed Asset.

[Capital Budget](#): The portion of the budget related to capital outlay.

[Capital Expenditure](#): An expenditure for the acquisition of, or addition to, a fixed asset.

[Capital Improvement Plan \(CIP\)](#): A multi-year plan that identifies new and/or additional capital items or projects.

[Capital Outlay](#): An expenditure for the acquisition of, or addition to, a fixed asset. Items acquired for less than \$7,500 are not considered capital outlay.

[Capital Project Fund](#): A governmental type fund which accounts for the financial resources and acquisition or construction of major capital items and facilities.

[Cash Basis](#): A basis of accounting under which transactions are recognized only when cash is received or disbursed.

[Return to Table of Contents](#)

Glossary of Terms

Cc

[CDBG](#): An acronym for Community Development Block Grants.

[Charges for Service](#): Revenue received for services provided by County departments.

[CIP](#): See Capital Improvement Program.

[COAM](#): An acronym for Coin Operated Amusement Machines.

[Code of Ordinances](#): The set of ordinances or “local laws” approved by the Board of Commissioners in accordance with the powers established under the laws of the State of Georgia.

[Comprehensive Plan](#): A long-term plan to control and direct use and development of property in Lowndes County.

[Contingency](#): Funds set aside for unforeseen future needs and budgeted in a “non-departmental” account. Contingency funds can be transferred to a departmental budget only by action of the Board of Commissioners or the County Manager.

[CVDA – Central Valdosta Development Authority](#): The Authority manages the development and enhancement of downtown Valdosta.

Dd

[Debt Limit](#): The maximum amounts of debt or debt service that can be legally incurred.

[Debt Service](#): An expenditure to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

[Department](#): A major administrative division of the County with indicated overall management responsibility for an operation or a group of related operations within a functional area.

[Return to Table of Contents](#)

Glossary of Terms

Dd

[Depreciation](#): The portion of cost of a fixed asset charged as expense during a particular period. The cost of a fixed asset, less any salvage value, is pro-rated over the estimated service life.

[Disbursement](#): Funds paid for goods or services received which result in a decrease in net financial resources.

[DOT](#): An acronym for the Department of Transportation, generally the Georgia DOT.

Ee

[EDEN Systems](#): The current software system used by the County for public administration.

[EEE – Eastern Equine Encephalitis](#): A severe mosquito-borne illness.

[EMA](#): An acronym for Emergency Management Agency, typically referring to Lowndes EMA.

[EMS – Emergency Medical Services](#): Ambulance services.

[EMT – Emergency Medical Technician](#): Specially trained personnel, often referred to as paramedics.

[Encumbrance](#): A commitment of funds against appropriations in which the expenditure has not actually been made at the time of recording. It may be in the form of a purchase order, purchase requisition or a contract for goods or services.

[Enterprise Fund](#): A fund in which the activities are supported wholly or primarily through fees and charges paid by the users of the system. Enterprise funds are typically for external customers.

[Return to Table of Contents](#)

Glossary of Terms

Ee

[EPA – Environmental Protection Agency](#): A federal agency established to control pollution, coordinate and support research, antipollution activities and make public environmental impact statements.

[EPD – Environmental Protection Division](#): Georgia’s state pollution control and research division.

[Escrow](#): A system of transfer in which deed, bond or money is delivered to a third party to hold until conditions or terms are met.

[Escrow Account](#): A bank account generally held in the name of the depositor and escrow agent which is returnable to the depositor or payable to a third party when conditions or terms are met.

[Ethics Code](#): The code of ethics that underlies all policies and procedures as well as discussions and practices.

[Expenditure \(Expense\)](#): This term refers to the outflow of funds paid or to be paid for an asset obtained or goods and services received regardless of when the expense is actually paid. “Expenditure” applies to governmental type funds and “expense” refers to proprietary type funds.

Ff

[Fiduciary Fund](#): A fund that reports assets that are held in a trustee or agency capacity and therefore cannot be used to support the government’s own programs.

[FiFa – Fieri Facias](#): A judicial writ directing a Sheriff to satisfy a judgement from a debtor’s property.

[Fines and Forfeitures](#): A source of revenue received from bond forfeitures, authorized fines and confiscated funds.

[Return to Table of Contents](#)

Glossary of Terms

Ff

[Fiscal Year](#): The twelve-month period designated by the County signifying the beginning and ending period for recording financial transactions. The County has specified July 1 through June 30 as its fiscal year.

[Fixed Assets](#): Capital items of a long-term character which are intended to be held or used such as land, buildings, improvements, machinery and equipment.

[FLSA – Fair Labor Standards Act](#): A federal act which sets minimum wages, overtime pay, equal pay, record keeping and child labor standards.

[FTE – Full-time Equivalent](#): Referring to personnel.

[Fund](#): An independent fiscal and accounting entity with a self-balancing set of accounts. These accounts record cash and other assets together with all related liabilities, obligations, reserves and equities. Funds are segregated so that revenues will be used only for the purpose of carrying out specific activities in accordance with special regulations, restrictions or limitations.

[Fund Balance, Designated or Reserved](#): Refers to the excess of assets over liabilities which is designated or reserved for a specific purpose.

[Fund Balance, Undesignated or Unreserved](#): Refers to the excess of assets over liabilities and is generally available for appropriation.

[Fund Balances, Appropriations](#): Refers to funds appropriated and set aside for future use.

[Future Land Use Map](#): An official geographical representation of the County resulting from assessment of existing conditions and needs, goals and policy objectives to determine future growth.

[Return to Table of Contents](#)

Glossary of Terms

Gg

[GAAP – Generally Accepted Accounting Principles](#): Uniform minimum standards and guidelines for financial accounting and reporting. The primary authoritative body on the application of GAAP to state and local governments is the Governmental Accounting Standards Board (GASB).

[GASB](#): An acronym for the Governmental Accounting Standards Board.

[GASB 34](#): This statement established a new framework for governmental financial reports when passed in 1999.

[GCIC – Georgia Crime Information Center](#): A state law enforcement computer network that tracks data such as warrants and stolen property throughout the state.

[General Fund](#): The main operating fund of the County, recording all financial transactions except those required to be accounted for in separate funds.

[General Obligation Bonds](#): Bond debt that is issued with repayment tied to the general revenues of the County.

[GFOA – Government Finance Officers Association](#): An organization established in 1906 to advance excellence in state and local government financial management.

[GGFOA – Georgia Government Finance Officers Association](#): The Georgia chapter of GFOA.

[GIS – Geographic Information System](#): A product of the Southern Georgia Regional Commission that collects specific data and ties it to the mapping system.

[Governmental Funds](#): Funds used to account for the acquisition, use and balances of expendable financial resources and the related current liabilities except for those accounted for in proprietary or fiduciary funds.

[Return to Table of Contents](#)

Glossary of Terms

Gg

[Grand Jury](#): A jury convened in a private session to evaluate accusations against persons charged with crimes to determine whether indictment is warranted.

[Grant](#): A contribution of assets from one organization to another to support a particular function or purpose.

[GRATIS – Georgia Registration and Title Information System](#): A state system for processing and verifying tags and titles of motor vehicles and mobile homes.

[GSCCCA – Georgia Superior Court Clerk’s Cooperative Authority](#): A statewide central index for UCC filings.

[Guardian Ad Litem](#): A court-appointed guardian that serves as a mediator between opposing parties until custody issues are resolved.

Hh

[HazMat](#): Refers to hazardous materials.

[HB489 – Service Delivery Strategy Act](#): A legislation that requires all Georgia cities and counties to review their current provision of services to determine methods that make delivery of those services more efficient and effective.

[HEAT – Highway Enforcement of Aggressive Traffic](#): A program of the Governor’s Office of Highway Safety which awards funding to agencies to combat impaired and aggressive drivers.

[Homestead Exemption](#): A tax relief whereby state law permits local government to exempt a fixed dollar amount of the appraised taxable value to qualifying residential property.

[Return to Table of Contents](#)

Glossary of Terms

Hh

[HUD](#): An acronym for the US Department of Housing and Urban Development.

[HVAC](#): An acronym for heating, ventilation and air-conditioning.

Ii

[Infrastructure](#): The basis facilities, equipment and installations needed for a functional system or organization (ex. Roads, bridges, public buildings, etc.)

[Intangible Property](#): A category of personal property that included stocks, taxable bonds and cash.

[Interfund Transfer](#): A method used to transfer monies from one fund to another.

[Intergovernmental Revenue](#): The funds received from another governmental unit, such as federal, state or city governments.

[Internal Service Fund](#): A proprietary fund used to account for the financing of goods and services provided by one department to another department or government.

[ITS](#): An acronym for Information Technology Services.

Kk

[KLVB – Keep Lowndes Valdosta Beautiful](#): A local division of the Keep America Beautiful program that receives funding from the County's landfill fund.

[Return to Table of Contents](#)

Glossary of Terms

Ll

Land Use Designation: Future land use designations that correspond to the Comprehensive Plan and the ULDC.

Levy: To impose taxes, special assessments or service charges for the support of governmental activities.

Licenses and Permits: Fees collected for the issuance of licenses and permits such as alcoholic beverage licenses and land disturbance permits.

LMIG – Local Maintenance and Improvement Grant: Funding from the Georgia Department of Transportation for paving and related projects.

LOST – Local Option Sales Tax: A one cent sales tax imposed and remitted to each government based on an agreement negotiated every ten years and used for property tax relief.

Mm

Major Fund: A fund whose revenues, expenditures/expenses, assets or liabilities are least 10 percent of the corresponding totals for all governmental or enterprise funds and at least 5 percent of the aggregate amount for all governmental and enterprise funds.

MAZ – Moody Activity Zone: Areas of the ULDC map indicated as activity zones for Moody Air Force Base. This zone has restrictions on it to protect encroachment on the base.

MDC – Mobile Data Computer: Laptop computers used in emergency vehicles to provide instant access to data.

Mill: A tax rate equivalent to one-thousandth of a dollar of taxable assessed value.

[Return to Table of Contents](#)

Glossary of Terms

Mm

Millage Rate: The ad valorem tax rate expressed in the amount levied per thousand dollars of taxable assessed property value.

Miscellaneous Revenue: All revenues received and not otherwise classified such as stamps, copies, etc.

Modified Accrual Basis: A basis of accounting where revenues and expenditures are recorded when they become measurable and available to finance expenditures of the current period.

Moody's: One of three major bond rating agencies that rate and evaluate credit quality of bond issuers.

Motor Vehicle Tax: An ad valorem tax levied on motorized vehicles designated for use on public roads.

Nn

NCIC – National Crime Information Center: A national law enforcement computer network which tracks data such as warrants and stolen property.

New World Systems: The software providers for public safety.

Non-major Fund: Any fund that does not meet the requirements of a major fund as defined.

Oo

Occupational Tax: Taxes levied on occupations, businesses and trades, commonly referred to as a business license.

[Return to Table of Contents](#)

Glossary of Terms

Oo

OCGA – Official Code of Georgia: Official laws enacted by the legislature.

Odyssey: The software provider for the court system.

Operating Budget: The portion of the budget pertaining to daily operations that provide basic governmental services.

Operating Expenditures: Costs associated with the non-capitalized materials and services required in the daily operation of service delivery.

Open Records Act: A legislative act which authorizes public access to certain records classified as public information.

Other Taxes: Taxes collected as authorized by state law or county ordinance such as sales, alcohol and hotel/motel.

Other Services and Contracts: For purposes of budgeting, this term refers to expenditures relating to advertising, contractual services, insurance, dues, and similar items.

Pp

Parcel Map: A computer generated digital outline of properties in the County.

Performance Measure: A quantitative means of assessing the workload, efficiency, effectiveness and/or productivity of a program or department.

Penalties and Interest: Fees collected for violation or delinquency.

Personal Property: Mobile property not attached to real estate including tangible and intangible property.

[Return to Table of Contents](#)

Glossary of Terms

Pp

Personal Services: For purposes of budgeting, this term refers to expenditures relating to salaries and benefits.

POST – Peace Officer Standards and Training Council: A state entity that regulates the initial and ongoing training/certification of all law enforcement throughout the state.

Property Tax: The revenues from current and delinquent taxes and the penalties and interest. These taxes are levied on real and personal property according to the property's assessed value and tax rate.

Proprietary Funds: Used to account for the government's ongoing organizations and activities that are similar to those found in the private sector.

Qq

QUOLA – Quality of Life Association: A non-profit assisting with at-risk youth.

Rr

Real Property: Immobile property such as land, natural resources and fixed assets.

Reapportionment: Redrawing of the representative district lines every ten years based on current population figures from the U.S. Census Bureau.

Reserve: An account used to indicate that a portion of funds have been legally restricted for a specific purpose and not available for the appropriation and subsequent spending.

Restitution: An act to make good or give an equivalent for loss, damage or injury.

[Return to Table of Contents](#)

Glossary of Terms

Rr

Retained Earnings: A fund equity account which reflects accumulated net earnings (or losses) of a proprietary fund. As in the case of fund balance, retained earnings may include certain reservations of fund equity.

Revenue: Funds that the County receives as income.

Revenue Bonds: Bond debt that is issued and repayment is designated from a particular revenue stream. (ex. Water & Sewer Bonds)
